LATEST CATTLE MARKETS. By Telegraph and Mail.

EAST BUFFALO. East Buffalo, N. Y., March 30.—Cattle The offerings were heavy, all of 140 cars. The market ruled with a slow demand, and prices were generally weaker. Eastern advices were all unfavorable, and a large proportion of the offerings were common and half fat lots, For good, handy steers there was but little change, and these were about all sold at steady former prices. Export stock was scarce, with but little enquiry, a lack of shipping room on the ocean steamships being largely the cause of the light demand. Mixed butchers' stock was in good supply and easier. Good lots of fat cows; heifers going of readily; but common thin lots were slow, and some will hold over. There was some enquiry for good well-built light stockers at full former to a shade better prices, but a light demand for feeders, as the latter, if at all fat or flesby, are bringing too high a price; for good fresh cows there was a fairly good demand and prices were well sustained; late springers and common thin dairy cows, slow at weak prices; good to choice cows, \$25 to \$35; ex-family cows, \$38 to \$40; springers, \$18 to \$32 per head; export cattle, \$4.90 to \$5.60; butchers, \$4.25 to \$5.20; for good to choice mixed, \$2.25 to \$2.30; ex. do.,

Surplus security to policy-holders
Capital stock paid up.... Divisible surplus..... To the Shareholders of the London Life Insurance Company:

GENTLEMEN,—I hereby certify that I have made a careful audit of the books and accounts of the London Life Insurance Company for the year ending Dec. 31, 1890, and find the same correct and agreeing with the above statement—the reserve fund and all other liabilities being amply provided for. The securities are in order, and the books of the Company are neatly and correctly kept.
