Six of the Forward Plates to Be Replaced—The Ship's Strength Demonstrated.

Steamer "Mexico" in From Alaska—Capt. Todd's Awkward Situation—The "Portland."

Following the Al-Kiand other Alaskan boats which have reached the Sound this week, the Pacific Coast steamer Mexico tied up to the outer wharf at about 8 o'clock last evening on her way South. She had a very light passenger and freight list, and there were but few prospectors aboard...

Capt. Todd, of the sealing schooner Enterprise, has been in "hot water" since his return home on Wednesday. He is to appear before the Collector of Customs on Tuesday and explain why he permitted an American boat and crew to be placed aboard his vessel while she was in the West Coast...

THE OLD "HAYTIAN REPUBLIC." Victorians will remember the old steamer Haytian Republic which some years ago plied frequently between Portland and this city. It was a vessel of Portland the steamer has been converted at San Francisco into a first class vessel, and will leave San Francisco June 1st for Seattle...

A SPECIAL MISSION. The U.S. fish commission steamer Albatross, now undergoing an overhauling at Tacoma, has a special mission to perform in connection with the fisheries in Northern Pacific waters this year, her work including the preparation of a complete report on the progress of salmon canneries with their statistics...

MR. O'FARRELL HARD HIT. The Spokesman-Review of Wednesday says: About 1:30 o'clock yesterday afternoon, while P. A. Farrell, the mining man, was standing at the bar in the Spokane hotel, just entering into a conversation with R. E. Brown, a stranger walked up to Mr. Farrell and without saying a word struck him two terrific blows over the head...

After... Taking a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into molehills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

SLOW TIME THE RULE.

Riders on the Spring Race Circuit Have Not Yet Got Down Into Form.

Sharick Commences the Season With a Clean Sweep—Penwill a Winner.

George Sharick of Tacoma and Carl Abendroth from Portland proved the lions of yesterday's race meet at Oak Bay cycle track, gathering in every event on the card for their class with a quiet modesty that went far as their riding in making their victories popular. Among the amateurs a famine of good talent was sadly noticeable, and although the home club captured two of the Simon-pure races, the events themselves were far from inspiring...

The novice race lay between three Victorians—Christopher, the winner, Penketh and Daniels. The latter tried the experiment of a 100 gear, but naturally, was lost in the jump for home. In the amateur quarter mile race, Penwill, finishing third, was the more ahead of his field in 33 1/2 with Willard, of Vancouver, next. No one of the four starters could stand the pace set by the tandem in the mile, loose surface and strong wind on the homestretch being held blameable. The finish was in consequence decidedly ragged, and riders were as disappointed as the spectators.

The professional events somewhat resembled the day. In the quarter, after everyone had exercised his ingenuity in trying to beat the gun, the party made two pretty trial runs, and a very smart finish, Sharick and Abendroth passing the bunch in the stretch and fighting all the way home to the line, over which the Tacoma lad led his rival by a scant six inches.

The Sharick brothers, Abendroth, Barker and Rucker qualified in the mile, and in this race it was again a battle between the Tacoma and Portland representatives, although none of the bunch succeeded in holding the two-seater.

TRAM REGULATIONS.

The City Would Like the Navy to Have a Five Cent Fare.

There was a very important conference yesterday between the city council and Mr. F. S. Barnard, who was present on behalf of the tramway company. One question to come up was the request of the company to have some change made in the regulations prescribed by the city for running cars, and another was the desire of the city to have the tramway company allow the Navy a five cent fare...

SMALLPOX ON BOARD.

The British Bark "Sam Mendel" From South America Ordered Into Quarantine.

The "St. Catharine" Arrives For Orders—The Ship "Glory of the Sea."

There was an interesting gathering of merchant marine in the Royal Roads yesterday, and one of the trio which there arrived is liable to remain there for a good many days. This was the British bark Sam Mendel, Capt. Lewis, out something like 61 days from Antioquia, and which has smallpox aboard. The vessel sailed from sea, and after being boarded by the Dominion quarantine officer, Dr. Watt, was ordered to William Head, whither she went as the tug Sadie could be secured to remove her. While Dr. Watt was examining the crew the launch from the Globe hotel, with the Mandel and another, came alongside just in time to be sent to quarantine. The extent of the sickness aboard the Mendel could not be definitely learned from quarantine yesterday through the telephone, but rumor had it last evening that Capt. Lewis was one of the sick, and a handsome aboard, came alongside just in time to be sent to quarantine.

THE CITY.

SOME of the members of the Natural History Society spent a scientifically interesting day out at Cordova Bay yesterday, upon specimens with strange names and sampling the fresh air.

THE new officers nominated by Victoria lodge, No. 88, Daughters of S. G. George, are: W. P. Mrs. Greenhalgh; W. V. P. Mrs. Cox; W. F. S. Mrs. Mulvihill; W. R. C. Mrs. Ryan; W. R. C. Mrs. G. Penketh; W. C. F. Mrs. Brakes; V. F. C. Mrs. Levy; W. I. G. Mrs. G. Penketh; W. O. G. Mrs. K. Penketh.

THE docket for the Victoria spring assizes will open on Tuesday, the Chief Justice presiding, is a remarkably small one, there being only one case on the Pacific Northwest Yachtmen's Association, to be held at Whatcom on the 4th of July, than will Victoria. It is expected that a fleet of between 15 and 20 sail will voyage there, that is to say every yacht belonging to the port will sail under the flag of the association.

THE TURF. SAN FRANCISCO, May 20.—Lucretia Borgia, the brown filly 4-year-old, by Imp, Brutus, out of Letetic, bred and owned by William Bots and Son, of San Jose, now holds the world's record for four miles. Splendidly ridden by Jockey Lawson, a clever light-weight pilot, and paced by Peter H. over the third mile and by installer over the fourth, both of these horses, owned by Boots, Lucretia Borgia covered the four miles in a record time of 7:11 and that in the face of a strong wind blowing down the back stretch. The record for four miles against the present is held by the celebrated distance horse, on Sept. 27, 1876, at Louisville, Ky.

THE performance is all the more remarkable in view of the fact that the new record-holder is a filly, a fact which is entirely without a precedent in the annals of turf history, as heretofore the possibility of her sex possessing the necessary stamina to traverse the long and arduous route has been ridiculed by horse breeders and followers of the turf. It is safe to predict that Lucretia Borgia's record will stand for many years to come, since long distance racing has practically gone out of fashion, such races being in vogue only in California at present.

THE BIBLE LEAGUE.

Highest Honors—World's Fair, Awarded.

From early yesterday morning until late in the afternoon shooting of the First Battalion, Fifth Regiment, of the Victoria Rifle League, which is a Victorian body on account of the inspection—was in progress at the Clover Point range. The day was fine and some fairly good scores were made. Only five of the six teams entered completed their firing, and to-morrow the sixth team will shoot; there will at the same time be a match between the Fifth Regiment and the Imperial forces. Four markers are requested to be on hand early, so that the programme of the day may be carried on with little delay as possible.

NEWS OF THE PROVINCE.

VANCOUVER, May 23.—The senior lacrosse team to meet in Victoria on Monday will be picked from the following players: Quann, Reynolds, J. Springer, M. Barr, J. Malanxo, W. H. Quann, F. Wright, J. Hamath, A. Matheson, K. Ralph, E. Maguire, G. Williams, K. Campbell and D. A. Smith. The shareholders of the Oregon Boy company met last night and decided to raise a subscription to engage legal assistance in an attempt to set aside the recent sale of the mine. The following are among those who will complete in the bicycle races here on the 24th: Eugene Davies and D. E. Griffiths of Everett; J. and G. Sharkey of Tacoma; A. Allen and Carl Abendroth, Portland; and C. F. Barker, T. Spain and A. Lester, Vancouver. Amongst the amateurs are Willard, Blackmore, Carey, Earle, W. C. McGregor, R. Hadden, C. F. Cotton, C. A. Ross, H. Russell, G. C. Hower, G. J. Marshall, T. A. Campbell and Horace Taylor. Mr. P. Geddes, who was secretary to General Superintendent Abbott, has been appointed secretary to Mr. Abbott's successor, Mr. Marpole.

WESTMINSTER.

WESTMINSTER, May 23.—May Day was a success yesterday, but there was not so large a number of children present as on the occasion of last year's festivities, owing to no public holiday being granted. In the procession Miss Maggie Gifford was the centre of attraction as May Queen, and she was accompanied by Miss Ella Oulton, the ex-queen, and for maids of honor the Misses Rose, Randall, Bryman and McBride. The Boys' Brigade attended as a guard of honor. The royal party were followed by the city band, the fire brigade and carriages. On arriving at the Queen's Park an appropriate, rhythmic speech, the ex-queen spoke of her pleasant twelve months' reign, complimented the Boys' Brigade and congratulated the queen and the city band. After this the Maypole dance, which was indulged in for several hours.

THE TIGER ENGINE.

The "old machinery" known as the Tiger hand engine which has had this city so long as its home will shortly be removed from the city, having been sold to the town council of Steveston. Associated with the old pump is a long span in the history of Victoria and to Frank Sylvester, who has been secretary of the old volunteer fire department, knows more of the ins and outs of the old engine than anyone in the town, and he is due for a few facts in this connection. The Tiger engine was purchased in San Francisco as far back as 1862 and was considered a beauty at the time. The purchase money which represented \$2,500 was thought to be a very reasonable amount. Previous to the advent of the Tiger engine, the town council had a Tiger Company as No. 1 company of the fire brigade was called, and was using an old fashioned double deck engine, which had been used in Frisco in 1852 and was called "the old Telegraph." The present one contained amongst other improvements the squirrel tail suction as the old suction on the Telegraph engine was in three pieces, and required coupling together a fire, which in darkness and in haste was no small matter. When the new engine arrived she received a grand reception from the whole fire department upon being housed in her new home, which was then on Johnson street where the Jubilee saloon now stands. The first fire at which she was at work was at the Bowditch store, which stood about where the new law courts now stand. It was a big blaze and would have made bad fire, but her two streams soon settled it. During her time of active service she was a good and true servant to the city, and saved it on many occasions from serious loss. During the many years she saw of active service the engine had the honor of having some of the most prominent of Victoria's citizens as members, and many a good old man can still recall with pride the days when he pulled the Tiger drag rope and ran with the machine. And now in her old age she has to submit to the way of the world, and make way for her more improved and powerful competitors. But wherever she goes she will always carry with her the best wishes of all the old timers—who all hope that she will, under her new owners, give proof of her ability to still do good and faithful service.

NEWS OF THE CAPITAL.

OTTAWA, May 22.—(Special)—Postmaster-General Mulock is authority for the statement that when the Jubilee stamps run out the present Canadian issue will be replaced entirely by a new issue with the portrait of Her Majesty as she appears to-day. The Marine department publishes a number of warnings to masters of vessels of dangerous points in British Columbia waters, based on Capt. Walbran's reports. The trade returns published to-day shows increase in the volume of trade, as well as in duty paid. The imports were \$3,395,928 for April, compared with \$7,130,141 for the same month last year. The duty collected was \$1,772,065, an increase of \$17,068 over April, 1896. Exports were \$6,538,690, compared with \$4,898,902 for April last year. For ten months of the present fiscal year the increase in the volume of trade has been nearly \$11,000,000 over the same time last year. Imports have been \$39,438,592, compared with \$32,023,405, while the duty paid has been \$16,941,601, as against \$17,038,240 for 1896, a decrease of \$97,639. Exports were \$108,829,874 for 1897 and \$96,903,430 for 1896. Senator Macdonald of Victoria having brought up the question of removing the Indians from the better time in that city, Senator Scott said the whole question was surrounded by legal difficulties, but that the matter would be considered at the meeting of the government. Sir Mackenzie Bowell suggested a reference of the matter to the Supreme court. David Stock of Toronto will apply next session for a divorce from his wife, Mary Stock, on the ground of bigamy.

CHURCH PROMOTIONS.

MONTREAL, May 22.—It is understood that Archbishop Fabre will be made Orestery of Rome on Monday next, and that either Bishop Laroque of Sherbrooke or Canon Racot of Montreal will be his successor as Bishop of Montreal.
