HIS HEART BADLY AFFECTED

"Fruit-a-lives" Soon Relieved This Dangerous Condition

635 GERRARD ST. EAST, TORONTO.
"For two years, I was a victim of Acute Indigestion and Gas in the Stomach. It afterwards attacked my heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of medicine but none of them did me any good. At last, I decided to try 'Fruit-a-lives'. I bought the first box last June, and now I am well after using only three boxes. I recommend 'Fruit-a-lives' to anyone suffering from Indigestion."

FRED J. CAVEEN.

Box, a box, 6 for \$2.50, trial size, 20c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Mr. J. Art. Doble .50
Mr. Geo. Shyles .108
Miss M. McPherson .50

The Red Cross Workers also wish to thank Miss Cora Sellers for the donation of \$1.00.

The regular meeting will be held at the home of Mrs. Mary Pollock, Nov. 25th, 1917.

Yours truly,
(Miss) E. L. BULMER,
(Secy. Treas.)

The sugar market presents the unusual spectacle of a commodity for which the demand is greater than the supply remaining stationary in price.

While there is sufficient sugar for everybody, according to official reports, and the statements of the refiners, there is not enough to give every merchant the amount he would like to buy and orders are being filled with only a small proportion of the amount ordered.

In addition to getting less sugar from the refineries than they asked for, the merchants can get only two-thirds of their shipment in granulated sugar, being required to take the balance in brown or yellow sugar.

As the usual requirements for the latter class of sugar are only from five to eight per cent. of the total, this leaves a considerable margin to be absorbed by the consumer. The reason for the refiners' action is that they are endeavoring to relieve the scarcity by making up the brown sugar the material which formerly was sold as syrup. The new crop is being shipped now but the shortage will continue to be felt until about January. Meanwhile assurance is given that there will be no increase in the price of sugar.

It's CAN the Kaiser!

Sergeant (to raw recruit): Now, my man, your job this morning will be to clean up the Officers Mess.

R. R. R. G'wan, let 'em clean it up 'isself.

PERCE ROCK AND THE BEAUTIES OF GASPE PENINSULA

(Continued from Page Two)

Basin. Here are three rivers, St. John, York and Dartmouth. If you want to get a bird's eye view of Gaspé, there is no need in looking at an ordinary map. Send to the Crown Land's Office, Quebec, and get a large and correct map.

There is one fact which will for generations to come make Gaspé a household word. For it was in this basin in Oct., 1914, there rode the magnificent fleet of many transports and war vessels, which carried the First Canadian Contingent, some thirty old

clouded lustre to the land they loved. Next to Barachois and Corcor of the Beach is Gaspé, or shall I rather say the three stand together in front of beauty and desirable summer resort.

About two and one half miles from the Village along the Dartmouth river, the Calhoun Brothers have up to date sawing and planing mills. They employ 250 men. Their plant is one of the most convenient places for this industry to be seen anywhere. At the foot of a high hill, nature has found a plain of several acres where rest the mills and the lumber yards. These gentlemen are most courteous and thoughtful and take pains to show one over their plant. When is the best time to go to Gaspé? June, July, August and September. October is a little cold, but to offset this, the gorgeous foliage when nature's colors are thrown upon hillside and valley offer a charm and a beauty not excelled in any land and make the visitor

forget the chill in the air. If you plan for an outing next summer, and want to see nature at its very best, take a trip to Gaspé. It must be seen to be fully appreciated.

WELLINGTON CAMP.

thousands of soldiers, some of the noblest fellows who ever walked Canadian soil, to the battle fields of Europe, where by their heroic bravery and self-sacrifice they have won undying fame for themselves and brought un-

disoluble ties. This is the only possible policy for the country, and I, now free from responsibility to the Government, and glad to be able to proclaim it as the programme of the new Liberal party.

"To speak, as some enthusiastic Germanophiles are doing, of Spain's helping the Central Powers—even if we admit for a moment that Spain could adhere to their social and political programme—is pure nonsense."

"Even if she desired to do so, Spain could not give any effective assistance to Austro-German armies, since she is not in the possession of the means for that purpose."

REVOLUTION SCOUTED

"It has been said that a victory of the Central Empires would give Spain great advantage and would enable her after the conclusion of the war to become one of the great powers of Europe. How could I conceal from you that fact that this tempting mirage has been skillfully and insistently displayed before the eyes of the Spanish people? Morocco, Gibraltar and Portugal were the gifts which were offered to Spain."

"No. Let us leave similar reasonings to the deluded and to those who cannot see that the present immense conflict will end in the triumph of the peoples which stand for social and political liberty."

"You are asking me whether there is any possibility of avoiding in Spain a revolutionary movement that would be directed toward overthrowing the fundamental form of government of the country."

"I firmly believe that the Spanish people will be able to obtain everything they desire without the monarchy's overthrow, which I would regard as the greatest misfortune that could befall the country."

MIXED HIS DRINKS.

A citizen got himself into peculiar mixup and it cost him \$60.00 and costs. He had ordered a case of wet goods from Montreal. A case duly arrived at the express office addressed to his name but not his christ-name. As he was in a hurry he took delivery of the case. When he examined the contents he found that they were not what he had ordered. He then got in touch with the rightful owner, but instead of notifying the express company, delivered it direct. The Inspector in examining the express book saw that this man had received two cases and immediately investigated the matter and found out the facts as above stated. He at once laid a charge against him for trafficking in liquor without a license and upon appearing he was fined \$60.00 and costs. Our citizens will soon learn that under the present act it is dangerous to traffic or handle liquor in any way.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach-sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of 'California Syrup of Figs' and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' which contains full directions for babies, children of all ages and for grown-ups.

GIVE 'SYRUP OF FIGS' TO CONSTIPATED CHILD.

Delicious 'Fruit Laxative' can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach-sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of 'California Syrup of Figs' and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' which contains full directions for babies, children of all ages and for grown-ups.

PROVINCIAL PRODUCTION COMMITTEE WITH GOVERNMENT ASSISTANCE PLAN FOR 1918

The Provincial Production Committee met in the office of the Secretary for Agriculture on Tuesday, October 23rd, with the Chairman, E. A. Scofield, presiding.

It was decided to entertain distribution of grain next spring and the Secretary for Agriculture was instructed to ascertain prices on the following minimum quantities: wheat 3000 bushels; buckwheat, 1000 bushels; barley, 1000 bushels and oats, 15,000 bushels.

The prospective scarcity of fertilizers was discussed at some length and quotations submitted by several firms were considered.

Home mixed fertilizers were favored, but upon the advice of one of the members, who has had extensive experience in this work, it was decided to allow the purchasing of chemicals to stand over for a time. One quotation was for 1500 tons of a 3-6-5 mixture delivered at any station in New Brunswick, in car-load lots; fertilizer to be in 100 lb. bags or in barrels, the latter at a slight increase over the former. The potash is guaranteed water soluble. The Department is taking the necessary steps to ascertain the value of the guarantee and also to learn more about the source.

This committee, cooperating with the Department of Agriculture, wish to strictly a war measure and is not as it made clear that this movement for the purpose of interfering unduly with any existing business.

The fertilizer is now available, if an agreement can be made, and to ensure this supply of potash fertilizer is the motive.

Last spring the demand for fertilizers was greater than the supply and the prospects are that a similar condition, only more so, will exist next spring. If a demand for chemicals other than potash is manifested, no doubt the Department will seriously consider handling any that may be secured.

The above supply of 3-6-5 fertilizer, or any secured subsequently, will be sold on a cash basis or upon a bank settlement, where the purchasers arrange the necessary credit with their local bank. Delivery will be made upon advice of the bank manager. Nothing less than car-load lots will be sent to any point. All agricultural Societies will be circulated immediately and they may order through their Secretary and make the necessary arrangements at their local bank as organized bodies.

Picked a Good Time.

Smithers got a job in a coal yard running empty freight cars down a hill. The boss warned him to keep the brake on and be careful or there would be a smash. Smithers said he would look out.

For a week Smithers did his best. Then one day he got heedless, and six empty freight cars dashed down the hill like the wind, crashed through the wooden bunker and landed on their sides in the creek.

The boss, yelling and waving his arms, ran full tilt from the office, but Smithers forestalling him quietly.

"You needn't come cussin' and swearin' at me," he said. "I've quit."

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New-Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A E. Finkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Finkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Hurrah! How's This
Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freestone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freestone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with 'California Syrup of Figs.'

Mother can rest easy after giving 'California Syrup of Figs,' because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children need it, be coated to take this harmless 'Fruit Laxative.' Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' which contains directions for babies, children of all ages and for grown-ups.

CAMPBELLTON ASTONISHED BY MERCHANTS STORY

A merchant relates the following. "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh, ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ika relieved me INSTANTLY." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach organs and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McG. McDonald.

THE BOSS OF THEM ALL IS ATLANTIC UNDERWEAR

It's made of rich, pure Maritime wool, spun and knitted into the warmest and best-wearing garments you can possibly buy. It has no equal for strength and lasting ability—after years of testing under the hardest conditions.

The Atlantic Trademark is a sure sign of the best quality in men's underwear. It means your money's worth.

Atlantic Underwear Limited, Montreal, N.B.

Anemia and Weakness Open the Door to the Microbe of Consumption

This is why Pale, Weak, Anemic People as well as those subject to ailments of the respiratory organs should strengthen these organs as to accumulate a reserve of energy and be in a position to resist the disease.

In all such cases physicians prescribe

VIN MORIN

CRESO-PHATES THE PULMONARY TONIC

The tonic and antiseptic action as well as the nutritive value of Vin Morin are invaluable in all weakening and exhausting diseases such as

Alcoholism, Bronchitis, Catarrh, Grippe and Tuberculosis.

Dr. Ed. Morin's Cardinal Pills cure Anemia, Chlorosis and Neurasthenia.
