The World calls attention to Buyers now visiting this city to a firm long established, viz.: JOHN MACDONALD & CO., Toronto, but always vigorous and aggressive, showing at all times a large stock, grand value and varied assortment.

The World informs the trade that their display in the latest productions from French, German and British looms in Dress Goods are securing orders from the closest and keenest buyers.

Their Dress Goods and Silk Department should be visited and Linen also by every buyer.

Though the tendency in Silk Goods is upwards their immense stock is offered at old prices.

Extraordinary value, we are informed, has been secured by their Woolen buyer in Black Worsteds, Trouserings and Mantlings. See them.

Carpets have been a specialty with the firm for years. This season their showings embrace all the latest Colorings and Designs in Wiltons, Brussels, Tapestries, &c., &c.

In Gents' Furnishings their reputation is Dominion-wide. Lately they secured some mill lots of Men's Shirts and Drawers at less than cost of production, the benefit of which they are now sharing with their customers.

Haberdashery:--This stock is an important one always. No live merchant can do without it. Realizing the fact of its importance the firm has made it one of the principal departments in their warehouses. Visit it.

UNIQUE LIST OF

FAMOUS PIANOS

DECKER BROS., N.Y.
We have sold many hundreds of these matchless instruments in Canada and have found them invariably giving unqualified satisfaction to those desiring the highest grade of musical quality.

SOHMER & CO., N.Y.

These beautiful and artistic planos have by their intrinsic excellencies of tone, touch and exterior finish won such favor that they are universally accorded a place with the greatest American makers. We have therefore recently secured the sole agency for their sale and invite a critical inspection of their merits.

So exquisitely pure and expressive is the tone and so delicate and responsive the touch of the Mason & Risch Pianos that they have won the highest encomiums, not only from Canadian Musicians whose kind appreciation we regard highly, but also from the highest European authorities from the great Abbe Liszt downward. No such honors have ever been showered upon any other Canadian makers.

We would also call attention to the Transposing Piano, extremely useful to professional vocal teachers, The Janko Keyboard, and to our miscellaneous stock of excellent Square Pianos by Hardman, Fischer, Chickering, Steinway, all of which have been taken in exchange in part payment of new Mason & Risch Pianos and which SPECIALTIES. will be sold at immense reductions on easy terms.
