Hoard's Dairyman is in every sense of the word a journal for the farmer who desires to make a profit from his cows. It handles this part of the farm work thoroughly, from the raising of the crops to the delivery of the product, milk or butter. A year's reading will convince you that you cannot afford to be without it. It is the leading dairy journal published in the English language.

FRUIT AND ORNAMENTAL Trees

Now is the time to decide what you are going to plant, and where you are going to get them.

Will it not be better to send direct to an old reliable Nursery and be sure of getting the varieties you want, free from San Jose Scale and diseases, than to buy of Travelling Agents who import trees often infected with these pests, and that you have no certainty of being what you want till they bear, and paying higher prices besides? Send for my catalogue, or send a list of your wants and see what I can do for you. Address,

There is no work on the farm that pays better for thoughtful management. You may have had much experience in the feeding, breeding and management of a dairy. Your knowledge and experience would be worth much to others, and it must be true that others have knowledge and experience that can be worth much to you. If you are interested in your own success and desire to manage your cows so that they bring you the largest possible returns, make up your mind now to subscribe for **Hoard's Dairyman**. It puts you in touch with the most successful dairymen in the United States. What these practical men know and their experiences you will find in **Hoard's Dairyman**, and it makes a 20-page weekly that costs the
