GOVERNMENT reports show that strawberries produce more dollars per acre and give quicker returns than any other crop. Our 1910 Strawberry Text Book teaches the Kellogg method of growing larger crops of better berries than can be grown in any other way. It explains how to fertilize and prepare the soil, shows how to prune, set and mate the plants. Every detail of the work is made perfectly clear, including cultivation, spraying, mulching, picking, packing and marketing. Growers who have this book say it is worth its weight in gold.
