

TO BEE-KEEPERS.

You will be interested in perusing a beautiful catalogue which explains fully about the best hives, and also gives almost as much information about the best methods of getting honey, as the regular works upon that subject. This is no catch penny scheme, but every statement made may be verified, because, the implements used are of the simplest kind and at the same time the most practical. Send your name plainly written, with your post-office address also plainly written upon a postal card, and the names and addresses of any bee-keepers you may know and get his pamphlet free. Address,
