FARMERS! USE THE BONE SUPERPHOSPHATE,

MANUFACTURED BY The Western of Canada Oil Lands and Works Co.

It is the best fertilizer now in use. Read testimonials from parties who used it last year.— LONDON TOWNSHIP, 4th Concession, 1 January 29, 1873.

GENTLEMEN,—I have pleasure in reporting to you the improvement on my land by using the Bone Superphosphate. I gave it a trial on four acres of clay soil, that was completely run out and impoverished. I used the Bone Superphosphate on one lot, wood ash on the second, and barnyard manure on the third, on young grass. The result was decidedly in favor of the Bone Superphosphate; so much so that I shall take a much larger quantity from you on the coming season. I am yours, &c., CHAS. PRIDDIS.

LONDON, Ont., Jan 21, 1873. GENTLEMEN,—Having used the Bone Superphosphate manufactured by the Western of Canada Oil Lands and Works Company, I can bear my testimony to its excellence as a good fertilizer. I tried it on grass land, celery, and also on the green-house plants. The result has surpassed my expectation, particularly on the celery plants. I can highly recommend it to any that have not already used it. I am, yours obediently, JOHN BARRON, Gardener to the Hon. John Corling, SPRING HARBOR, WESTMINSTER, March 13, 1873.

GENTLEMEN,—The ton of Superphosphate I purchased from you last season I applied to grass lands, and was well pleased with its effects, notwithstanding the very dry and unfavorable season. I am convinced of its being a valuable fertilizer. Yours truly, JOHN B. TAYLOR, Lot 5, Con. B., Gore Road, LONDON, ONT., March 12, 1873.

GENTLEMEN,—The Bone Superphosphate I purchased from you last spring was used on "Corn." The yield was fully one third more where the Bone Superphosphate was used, and was better in color and quality. I expect to derive equal benefit by using it on my wheat this spring. It is the best artificial manure I have ever seen. I am, yours respectfully, GEORGE PLANTON, WESTMINSTER, Feb., 1873.

GENTLEMEN,—I have used your Superphosphate on grass lawns and on green crops, flowers, &c., and found it very beneficial. As a fertilizer, there is no question it is the best known to us. Yours truly, W. Y. BRUNTON.

Testimonials from other scientific and practical men will be inserted in next issue. The Superphosphate is put up in good barrels, containing about 225 pounds each. Price, \$10 per ton. It is also put up in bags containing 50 and 100 pounds each at the same price. No charge for bags or barrels. All orders will receive prompt attention. Address, WESTERN OF CANADA BONE SUPERPHOSPHATE WORKS, LONDON, ONT., CANADA. 10-9-11

P. T. Barnum to the Public.

A rumor—originating with, and industriously circulated by unscrupulous showmen—having gained some credence, that I would divide my great travelling Exhibition on leaving Boston, I beg to state that such an idea has never been entertained for a moment. The vast enterprise, involving a cost of one million five hundred thousand dollars, is the crowning event of my managerial life, and, although acting against the advice of many experienced showmen, I shall adhere to my determination to keep the monster combination intact during the entire season. The public's obedient servant, P. T. BARNUM.
