In Hot Weather.

In hot weather more infants die than in all the rest of the year. Why is this? Principally because they are fed on unsuitable food. Nestlé's Food is known as the safest diet and best preventive of Cholera Infantum and all summer complaints. Consult your doctor about this important fact.

WOMAN'S COLUMBIAN LAUNDRY CO.

Incorporated under the Laws of the State of Illinois. Capital, \$300,000. A GREAT INDUSTRIAL ENTERPRISE. A WOMAN'S COMPANY, OWNED, OPERATED AND MANAGED BY WOMEN. SHARES ARE TEN (\$10.00) DOLLARS EACH, AND ARE SOLD ONLY TO WOMEN.

We propose to enlarge our business, and give women of large or small means an opportunity to become identified in an industrial and exceedingly profitable business enterprise, and to establish 100 or more Branch Laundries; for that purpose we have decided to offer 10,000 Shares of our Capital Stock to be Sold Only to Women. Present price, \$10 per share, par value, payable, if desired, in monthly instalments of \$2.50 per share. Price of stock will be advanced to \$12.50 per share as soon as the 10,000 shares now offered are sold.

A SAFE AND PROFITABLE INVESTMENT. With the complete operation of our laundries we will have a capacity of turning out 100,000 laundried shirts per week, and as the population of Chicago requires many times this number of shirts a week, and as the profit on each shirt is 5 cents, you can readily see that running our full capacity we would be able to make a profit of \$5,000 a week, \$20,000 a month, or \$240,000 a year on shirts alone, to say nothing about revenues to be derived from our other work and departments, which will be large. Taking this, then, as a basis, and that money is worth 8 per cent., we would be enabled to pay a dividend of \$8 on every share of stock. We do not believe it will be less, and it may be more. AN IMPORTANT FEATURE. Our improved method of doing laundry work gives better satisfaction than any other process, as no chemicals are used, therefore the fibre of the linen is not worn or eaten away. Our business has been established four years; the Company owns it absolutely; it is in daily operation, and, better still, is paying over fifty per cent. on the amount invested.

HOW MANY SHARES DO YOU WISH? They are only \$10 each. Better secure as many as you can now, as we have only 10,000 shares to offer at this price, and they will be taken very fast. Orders for stock will be filed as received, and all subscriptions received in excess of above amount will be returned to subscribers. No better investment can be found than our capital stock. Invest now, while the Company is new, and reap the benefits paid in dividends, perhaps for the balance of your life. Write to-day and send a small deposit to show us you are in earnest, state how many shares you wish, and we will reserve them for you any reasonable length of time. Full information sent free on application. The Interior, one of the leading religious papers of Chicago, says: "The energy displayed by the officers of the Woman's Columbian Laundry Co. in pushing their undertaking to success, and broadening the foundations of their business, is truly remarkable. They have just closed a number of large contracts for Hotel, Apartment Building and Railroad Laundry work, that will be exceedingly profitable to the fortunate stockholders." "The work of the Woman's Columbian Laundry Co. is important, and should receive the support of every housewife in the country."—MARION HARLAND.
