

## THE ENTOMOLOGICAL BRANCH.

The Entomological Branch has held no meetings during the winter of 1914-15. This has been largely owing to the fact that there are very few workers in entomology, other than those employed officially in the Department of Agriculture.

Throughout the Ottawa district large numbers of insects in the various orders were collected during the season of 1914 for systematic study and many new records have been obtained. Many of these captures are being recorded in the Entomological Record for 1914, which will appear in the annual report of the Entomological Society of Ontario for that year.

## ACKNOWLEDGMENTS.

The Club has again been fortunate in securing suitable accommodation for lectures and committee meetings through the courtesy of the management of the Carnegie Public Library and the Normal School, and our thanks are also due to the city press for free insertion of lectures and excursion notices and reports.

Respectfully submitted,

E. D. EDDY,

Secretary.

## ERRATUM.

In Mr. Melville Dale's article on "August Bird Life at Pleasant Point, Ont." which appeared in the March (1915) issue of THE OTTAWA NATURALIST, the four paragraphs on page 174 beginning with "The discovery of this bird . . . ." and ending with "within the range of the observer" should have been placed under the Caspian Tern, *Sterna caspia*, and not under the Bluebird, *Sialia sialis*. Ornithologists please make note.

## SUBSCRIPTION 1915-1916.

Members of the Club are reminded that membership fees for 1915-1916 are now due, and that the same are payable to the new Treasurer, Mr. G. Le Lacheur, Seed Branch, Department of Agriculture, Ottawa.
