

The 25th Annual Convention of the Diocese of the State of Maine, met at St. John's Church, Bangor, on the 12th July. We gather from the proceedings, that the Clergy canonically connected with the Diocese are 18—within the year 2 churches have been consecrated, one deacon ordained, and 77 persons confirmed. The following subject appears to have engaged the earnest attention of the Convention, with happy results:

"The Bishop having in his address brought up the subject of assisting young men in preparation for the ministry, an animated debate was had therupon, and the following Preamble and Resolution were adopted:

"Whereas the Bishop in his annual address has referred to the want of laborers, and suggested with con-
fidence, that the Diocese will be ready to afford any
necessary assistance to worthy indigent young men
entering the ministry.

"Therefore, Resolved, That this Convention, as the representative body of the Episcopal Church in this Diocese, pledges itself to meet, in one way or another, the cases of worthy, indigent young men, as such cases may arise.

In reference to the same matter, the following ad-
dition was made to Canon I.: "The Board of Missions
will also be a committee of the Convention to receive
and disburse such funds as may be entrusted to them,
designed to assist young men in their preparation for
the ministry, according to such rules as they may
adopt."

A correspondent of the Witness, from whom we gather the above, says, "The reports of the various parishes were exceedingly encouraging and animating in their tone; and the members of the Convention, both clerical and lay, parted with the strongest feelings of assurance that a bright future is now opening for the Church in Maine."

LETTERS RECEIVED.

From Mr. Turner—the papers have been addressed for the last fortnight according to direction, to Sherbrooke, &c Kontric—should have been duly received, having gone on Saturday morning regularly—the mail no doubt lies between the Kentville office and Sherbrooke. The paper will go by share as before. Bills will be sent beginning next week. From the Revd. Editor—the notice will bear no sinister interpretation being merely intended to state a fact, and to prevent trouble to him in future. G. E. Jean, Esq.—directions will be attended to. M. J. Zwickler, Esq.—do. do.

Holloway's Pills for the Cure of Bile, Sick Headache, and Facial Complaints.—Mr. John Anderson, general merchant, of Allerton, county Antrim, has written to Professor Holloway the following statement of a cure by the use of his Pills:—Mrs. McClure, residing at Ballymashal, Ballymoney, was afflicted for five months with headache, fits, and violent pains in the stomach and bowels.—She had advice from several skillful surgeons in Coleraine, Ballymoney, and other places, but they could give her no relief whatever. At length she was recommended Mrs. Holloway's Pills, and after using them for a short period these invaluable medicines restored her to perfect health, and enabled her to resume her daily labour."
