

Japanese and Chinese Curios and Fancy Goods

As our variety of these goods is so extensive, it will be impracticable for us to shew Samples of all of them through the medium of our travellers.

We have therefore arranged to supply our customers with assorted lots, varying in amount, viz:--50, 100 and 200 dollar assortments.

Specifications shewing approximate assortments and values of contents of cases will be forwarded on application.

As we expect to make a speedy clearance of these goods, to avoid disappointment we invite the earliest possible orders.
