## TRADE AND COMMERCE

COMMERCIAL JOURNAL OFFICE, Tuesday Morning, March 19.

## VICTORIA.

As spring advances it is generally expected that business will resume more satisfactory conditions of activity. At the moment there are no changes to note in the local situation. There is a fair amount of activity, but business is not sufficiently large to influence the situation to any appreciable extent. It is acknowledged that both buyers and sellers are, as a rule, following a course that is well intended to keep down liabilities, retailers carrying light stock and wholesaters being sparing of their credit.

There is a steadily increasing call for goods from the mining districts, and an improvement in demand for logging camp supplies is anticipated. The banks are expecting a more active demand for money with the advance of spring.

## FLOUR AND FEED.

Flour and feed quotations remain unchanged. Oats are reported firmer owing to an advanced market in the Northwest.

The weather has been most favorable to farmers and it is reported that a very large acreage will be put under crop this season. If the summer continues genial there will be the largest harvest of grain and root crops ever known in the history of the province. A heavy demand is roported for seed grain. The Brackman & Ker Milling Co. are making a specialty this season of "Surprise" and "American Beauty" oats for seed, which varieties are the best seed oats in the market, and are quoted at \$35.00 per ton guaranteed choice selected and mill cleaned. They are considered to be the best oats for milling purposes, and farmers are beginning to realize the difference in the market value of milling and feed grain.

The Portland Commercial Review says: The trade has passed through another dull and unsatisfactory week, both as to a nount of product, output and prices realized. Receipts keep pace with the present limited demand. Small shipments are sent to British Columbia and San Francisco, about an average amount being despatched by each steamer. Quote standard brands at \$2.30 per barrel with the usual 10 to 25c less on inferior brands.

The Victoria Roller Mills quote Victoria flour in 10-bbl lots at the mills as follows:
