## DIOGENES.

The Proprietor is happy to announce that arrangements are being made for the illustration of DIOGENES in the first style of art, both as regards Designing and Engraving. In the course of a few weeks, it is hoped that DIOGENES will be the best illustrated, as it is now the best printed paper in the Dominion of Canada.

In an early number will be commenced a

written in a broad vein of humour by an actor in the scenes he has undertaken to describe. The recital cannot fail to be interesting as well as amusing, and it is believed it will throw a new light on many subjects hitherto imperfectly understood or purposely misrepresented.

New contributors have been secured with a view to giving additional zest to the Cynic's pages, and no pains will be spared to render the paper in every way deserving of the liberal patronage accorded it.

The necessity for a Canadian Express Company has long been felt by the Mercantile, Banking, and other interests in the Dominion. To carry out in an effective manner this long-voiced-for desideratum, a Charter for a Company to extend its operations throughout the whole Dominion was granted at the first session of Parliament at Ottawa.

Stock-books will be opened immediately in the various cities, towns and villages throughout the Dominion, so that the stock may be apportioned as nearly as possible to the business of the locality: and in order that the stock may be fairly distributed, the following resolution has been passed by the Board: "That no person shall be allowed to hold more than 100 shares of the capital stock of the Company in his, her, or their name, without the permission, in writing, of the Board first having been obtained."

Any person intending to be an applicant for an agency (if approved), will have a stock-book furnished him for his locality on application to the Secretary.
