

tain as much as possible of the effect which his intrusion produced.

"Who's there?" was asked in a tone of some vexation.

"Are you awake, sir?" said Remmy, in a soft and conciliating accent, such as a man might use in making acquaintance with a fierce mastiff.

"If I were asleep, do you think I'd ask the question, Remmy?"

"Wish then, no, surely, sir," said the man, "I dun know what came over me to ask my question."

DERANGEMENT OF THE LIVER,

Is one of the most common, as well as the most formidable of diseases known to American physicians. It had for years attracted the closest attention of the medical faculty in all parts of the United States, and yet up to the time of the discovery of Dr. McLANE's great Specific, prepared by Fleming Bros., of Pittsburgh, Pa., it was almost beyond the reach of medical skill. Thousands had perished without even a hope of relief, and although thousands may yet be destined to feel the direful effects of this most complicated disease, it is now, thanks to the search of Dr. McLANE, most completely brought within the scope of medical control. The proprietors, Fleming Bros., of Pittsburgh, Pa., of the Liver Pills feel confident that they offer a remedy which has been fully tested by time, and which has never failed of success when fairly tried.

Purchasers will be careful to ask for DR. McLANE'S CELEBRATED LIVER PILLS manufactured by FLEMING BROS. OF PITTSBURGH, PA. There are other Pills purporting to be Liver Pills, now before the public. Dr. McLANE's genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores. None genuine without the signature of

PROSPECTUS
OF A
NEW TRI-WEEKLY MONTREAL NEWSPAPER,
DEVOTED TO
News, Literature, and General Politics.
TO BE CALLED
"THE NEW ERA."
EDITED BY THOMAS D'ARCY MCGEE.

MANY friends of the gentleman who is to be the principal Editor of "The New Era" having strongly encouraged him to enter the field of Journalism, in Canada, it devolves on him briefly to explain on what principles the new Paper is to come before the public.

It is to be called "The New Era," as an indication of the time of its birth. This magnificent Province has evidently arrived at such an era;—steam by land and sea; the sub-Atlantic Telegraph; the probable annexation to Canada of a habitable region, larger than France and Austria combined; are facts which must give their own character to the times in which they occur. In the onerous future, which is to see the fair promises of the present fulfilled or marred, Journalism will play an important part; and we desire to have some share, however small, in the labors and duties it imposes.

Public interests are, commonly, either of a religious or of a political nature, and we shall briefly state our views of both:—

Questions strictly, or mainly, religious—unless forced upon the Press, under political or partisan pretences,—ought, it seems to us, to be carefully avoided by the secular journalist. But, as of all Freedom's gifts to man, none is so dear as the free domain of his own conscience, we shall cordially concur with whatever party in the Province can give the best guaranty that the freedom of conscience, which now so happily characterizes Canada, shall be perpetually preserved.

For the Politics of "The New Era" we can only say, in general, that we mean to make them such as may best harmonize with the interests of United Canada. Independence of dictation is essential to the credit and usefulness of Journalism, and we shall not hesitate to approve, nor to oppose, particular measures, because of the personality of their authors, whether in or out of office. To be governed by a genuine liberality, and to cultivate the same feeling in the hearts of our readers, will be our chief aim in dealing with every question of the day. If this declaration we desire to be judged hereafter.

Although the salutary custom of the Canadian Press preserves the anonymity of its writers, it may not be becoming for us to say that our readers may expect regular, or occasional, contributions from Dr. SHELTON MACKENZIE, now of New York; Mr. EDW. WINTRY, of the London Press, author of "Political Portraits"; Mr. EDWARD HAYES, Editor of the "Irish Ballads," now in Australia; and some other friends and correspondents, whose names are not so much public property as those of the gentlemen just named.

"The New Era" will be printed upon a fine paper, and will contain 28 columns, of which at least ten columns will be reading matter. It will appear on the morning of each Monday, Wednesday, and Friday, and will be conducted solely on the Cash principle. No subscription can be taken for less than six months, and a month's notice being given of the close of the term, no paper can be sent after the subscription expires.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF
Colds, Coughs, and Hoarseness.

BIRMINGHAM, 20th Dec., 1856.
DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the common symptoms of a Cold, is your CHERRY PECTORAL.

Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.

EBEN KNIGHT, M.D.

A. B. MORTLEY, Esq., of Umea, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.
SPRINGFIELD, Mass., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M.D.

AMOS LEE, Esq., MONTREAL, LA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your medicine, as the poor man's friend."

Asthma or Phthisis, and Bronchitis.
WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several of alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M.D., of Ashton, Monroe Co., Iowa, writes, Sept. 2, 1856: "During my practice of more than 14 years, and nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtue of this remedy is found in its effects upon trial.

Consumption.
Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 6, 1856.
DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not so strong as she used to be, but is free from her cough, and calls herself well. Yours, with gratitude and regard.

ORLANDO SHELLEY, OF SPRINGVILLE.

Consumptives, do not despair till you have tried Ayer's CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and it cures all round us beset by the high merits of its virtue. —Philadelphia Ledger.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtue which surpasses in excellence the ordinary medicines, and that they win unopposedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the food humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the everyday complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in the diminished dose, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of fraud. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute humbly to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a full stomach, Anæmia, Indigestion, Morbid Function of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, (cont) and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.
