## TO THE MAN WHO THINKS.

Suppose a wealthy man of your acquaintance, one whose word and whose ability to carry out his promises you placed full confidence in, proposed to sell you a valuable farm, worth at this time, say \$10,000, and would sell it to you as being an exceptionally healthy man, on a credit running through ten years, with a certain equal amount payable each year of the ten, and that it was in your power to apply that sum each year to the payment required.

Suppose further, that this friend said: You can make these yearly payments for any number of the ten years that you please, and if you see fit, for any cause, to stop these payments at the end of any of the years short of the ten, (after two years have been paid for) I will deed you the land about in the proportion you have paid for; and, further, I agree to give you, at the end of each year, while you are making these payments, the annual profits, earnings, or dividends on that farm, and, each year, deduct from your annual payment such earnings, profits, or dividends as the farm may earn that year; and he assures you that these earnings or dividends will probably increase each year, and materially reduce the amount of your annual payment, and that the farm in that ten years shall not be subject to onerous city, county, or town taxation, nor be liable for your debts; and he further guarantees that at the end of the ten years the farm shall be worth exactly \$10,000.

He then says: Take this offer and I will further bind myself and guarantee to you that if you keep up your annual payments, and die ANY TIME within those ten years, and before all those payments are made that, in such case, I will deliver or pay over to your heirs or administrator, or to any person you will or devise it to, THE ENTIRE FARM, or \$10,000 IN GOLD COIN, and require no further payments on the same. WOULD YOU NOT BUY A FARM UNDER SUCH CIRCUMSTANCES.

This is a sample illustration of a Ten Year Endowment  
in the Aetna Life Insurance Company of Hartford.

To save money for old age or for our families in case of death, is what all strive for; but outside of Endowment Insurance there is no certainty. Debts, endorsements, bad partnerships, or failures, our misfortunes or follies, are all so many traps lying in our way through life. Happy the man that can escape them all. To expect it is to expect too much. With all the rest of your investments, would it not be well to make one small one that may prove the best you ever made, and the one that shall at any time guarantee your family a support, or provide for your own old age. The thought that misfortune may come upon us, (and who is safe, positively safe), reducing wife and children to want, is too painful. But add old age to this and it is unbearable. The wise man provides in time.

You may say you have a Farm: is it certain you will always have one? You are a Merchant: is it certain you will never fail? You are a Mechanic: is it certain that the cunning of your hands will always provide for you? You are a professional man: is it certain that you are above misfortunes? Do you know your brain will never soften? Does not the old man commit financial follies that at middle age he would have deemed impossible? Now, grant that at 60 or 70 years of age, you will surely have a competence; that in a wonderful manner you will have escaped the thousand and one misfortunes in your way. If you had secured an endowment, it would have added to your wealth; if financially unfortunate, it would have saved you from ruin! THINK OF THIS.

The AETNA LIFE INSURANCE COMPANY offers to the Business Men of Canada, on the Endowment system, a Medium of Investment superior to any other. It has in constant operation the most perfect arrangements for investing the Trust Funds committed to its charge for the benefit of its numerous membership in the safest and most profitable manner. Having branches, and being a Home Company, in all the Northern States and Canada, it thus procures a higher rate of interest than can usually be obtained by either European, or merely local Life Insurance companies. Every Endowment policy-holder receives the benefit of this in the shape of liberal Annual Cash Dividends, applicable in reduction of all premiums after the first year.
