

from Johannisberg, near Wiesbaden, in Germany; Vichy comes from Vichy in France; and Seltzer is properly Selters, so called from the Lower Selters (i.e., lower springs) situated in the neighborhood of Limburg, in the Duchy of Nassau.

The term Chocolate is a modification of the Mexican "cacuatl" cocoa, the rich, oily substance out of which chocolate is made, whereas cocoa is a corruption of "macoco," the name of a monkey whose face the cocoanut is thought to resemble. The cocoanut grows on the Eastern cocoa-palm tree, and the beverage is obtained from the crushed kernels of the tree. Tea owes its name to "tcha," the Chinese designation of the leaf of the plant; and coffee comes from the Arabic "qahwah," pronounced by the Turks "qahveh," which the French, who were the first to make its acquaintance, converted into Cafe. Mocha is a superior coffee brought from the district in Arabia so called. The term Souchong is but slightly altered from the Chinese "se on chong," signifying small, good quality, and denoting a species of black tea; while Bohea, an Eastern modification of the Chinese "Wu-i," pronounced "voo-y," is so termed after the district where its cultivation is extensively carried on.—*Amer. MONTREAL MARKETS.

MONTREAL, June 13th, 1894.

ASHES.—There have been some moderate shipments to Liverpool and London within the last ten days, and first quality pots are steady at \$4.10; seconds, \$3.65; some few transactions are also reported in pearls, and for these \$5.40 is the present quotation. Receipts are just about even with last year. There are in store about 170 brls. of potash, and 20 of pearl ash.

CEMENTS AND FIREBRICKS.—Supplies of cement are quite light, only about 1,000 brls. coming to hand last week, but it is very difficult to get any advance on prices, and for English the quotation is \$1.90 to 2 according to lot, Belgian \$1.70 to 1.85. There is a fair trade doing in bricks at \$14 to 18 ex-wharf, and stocks are light.

DAIRY PRODUCTS.—Cheese shipments are very liberal and much ahead of what they were last season at this time. For the week ending the 9th inst. 65,162 boxes left this port, as against 41,426 for corresponding week of last year. The market may be called again a shade easier this week, and we quote finest Ontario at 9 to 9½c; finest Quebec, 8½ to 9c.

J. M. WHEELER, Esq., Secretary-Treasurer Alabastine Co., Ltd.

PARIS, Ont., April 17, 1894.

SIR—Regarding Church's Potato Bug Finish which I purchased from you last season, I can fully endorse all you say regarding it. My potato crop was threatened with destruction by the potato bug. I gave the plants one dose. It made the plants stronger, potatoes better, and the one application which remained on the plants for weeks was all that was necessary. I have recommended your Bug Finish to many of my brother farmers, and although I have used Paris Green and London Purple, Church's Bug Finish excels all. Yours truly,

J. H. MILLER.

TO THE PUBLIC:

PARIS, Ont., April 19, 1894.

I am acquainted with the parties giving the foregoing testimonials relative to Church's Potato Bug Finish, and have seen the original testimonials, and I believe them to be worthy of confidence as they are made by practical farmers residing in this locality.
