trust him

You want **Scott's Emulsion**. If you ask your druggist for it *and get it*—you can trust that man. But if he offers you "something just as good," he will do the same when your doctor writes a prescription for which he wants to get a special effect — play the game of life and death for the sake of a penny or two more profit. *You can't trust that man.* Get what you ask for, and pay for, whether it is Scott's Emulsion or anything else.
