

The Art Loft Galleries Ltd.

200 Charlotte Street, P.O. Box 807

Peterborough, Ontario

Canada K9J 7A2

(705) 745-6457

**Contact: Hal Lethbridge,
President**

The Art Loft was established in 1976 to promote Canadian art and sculpture. Our specialty is native art and native cultural teachings which are artistically depicted.

We provide in-gallery or out-of-town displays and lectures so that clients will better understand and appreciate our native paintings, sculptures and artifacts.

Our major wholesale product lines are native art cards which come complete with appropriate Indian legends; and, limited edition and decorator reproductions. Norman Knott, who has achieved international acclaim over the past 25 years, is our featured artist.

Besides native art, The Art Loft features a wide range of distinctive Canadian artwork, including limited edition reproductions and originals.

Art cards and decorator native works are available either framed or matted, and either sealed or loose, in any volume required.

Native art cards are just one of many specialty products designed to increase appreciation of Canada's heritage.

Ateliers Es Arts (1987) Inc.

354 Dufresne, P.O. Box 60

St-Theodore d'Action, Quebec

Canada J0H 1Z0

(514) 546-7148

**Contact: Emile Leduc,
President**

Do it yourself, with a lot of help. That could well be the slogan of Ateliers Es Arts to the amateur woodworker who wants to add a little beauty to his or her home.

All it takes is a little patience, a little saw — which we can provide — and a little glue, and a beautiful wall plaque is ready for hanging.

In our catalogue, you will find a huge choice of models, ready to cut, and in 38 kinds of wood. No painting or tinting is needed. The natural beauty of the wood is more than enough.

Woodcuts are delightful to cherish. With the help of Ateliers Es Arts, they are fun to make as well.

Anybody can create an equally attractive wooden wall hanging with an easy-to-use art hobby kit.

Ava Tech Distributors Inc.

Struggling to put up your Christmas tree is a thing of the past with Ava Tech's revolutionary new Christmas tree stand. A unique and patented spring locking system guarantees that your tree will be up in a matter of seconds. Simply push the trunk into the stand, and you're ready to start decorating!

Our deep water immersion feature is included in every stand. As a result, trees stay fresh longer, and the early dropping of needles is prevented.

The stand's solid, immediate and automatic stainless steel spring grip action, together with its attractive form and design will quickly suggest other uses throughout the year: an artificial tree holder, an advertising sign holder, or for use around the home as a garden/patio umbrella holder. Constructed of top quality, high density, polyethylene, the Ava stand will provide years of pleasure.

Finally, an answer to the age old problem of putting up a Christmas tree... and keeping it up.
