The Toronto World FIGHT PICTURES CANCELED Half-Million Dollar Real Estate Sale in Toronto BULGARIA AND ATTACK FORTRESS

FIGHT PICTURES CANCELED SPORTSMEN'S FUND CLOSED

Ministerial Association is Blamed for Stopping the Exhibition by Which Money Was to Be Raised to Care for Returned Wounded Soldiers.

THANKS to the efforts of the Toronto Sportsmen's Patriotic Association has been denied the right to assist the Canadian soldiers on active service and to provide a club for those who return.

Permission was given the sportsmen to produce the motion pictures of the Johnson-Wildard fight in Massey Hall on Wednesday from 10 o'clock in the morning to 11 o'clock at night, but as a result of representations by the Ministerial Association the permit has been cancelled.

The existence of the Ministerial Association in any work on behalf of soldiers on active service or at home appears to him unknown. He asks what the association has done for men in the trenches, at Niagara Camp, or for those returned crippled and workless and declares that the citizens may be content to bear interference by the Ministerial Association, the sportsmen will not.

The authority and the right of meddling with the privileges of the citizens, by the Ministerial Association is left for the people to judge. For the assistance given the association since its inception Mr. Greer extends the sincere thanks of the members.

The statement issued by Mr. Greer follows: To the Citizens of Toronto: The Sportsmen's Patriotic Association was formed for the purpose of helping our men on active service by procuring the means of amusement in their spare time.

We have spent thousands of dollars for the men in the trenches, and have sent goods there, as well as paying a thousand dollars in cash for a band for them. We have supplied Niagara Camp with every conceivable kind of game and sporting goods, and are daily shipping more. All these things have been done quietly, but they were done, and, finally, while others wondered what could be done for the returned soldier, we got a club for him, which was to be opened today, and had the fullest arrangements made to care for him, and meet his needs.

We needed money for this purpose and we intended to show the Johnson-Wildard fight pictures on Wednesday next to help defray the expenses and had advertised it extensively. The Ministerial Association has attempted to interfere with us on other occasions and now have prevented the fight pictures being shown. This club house for the soldiers was to cost us some thousands of dollars, and the club was undertaken because we saw the public to feel that our name was good in the community and we succeeded beyond our expectations.

Where was the Ministerial Association? What did they send to the men in the trenches? What did they return the soldier? What for? We leave this to your judgment. You may be satisfied to bear the interference of this body longer. We refuse to do so and now advise our many friends to do so and closing extended our thanks to the thousands in this good city who have trusted us with their money. We spent it well and you will well be proud of your generosity.

BULGARIA INVADED BY ALLIES FALL OF STRONGHOLD IS NEAR

LONDON, Oct. 18.—(2.30 a.m.)—The allied forces from Saloniki have begun operations against the Bulgarians with unexpected zeal, and already the Serbo-Anglo-French forces have penetrated into Bulgarian territory just north of the Greek boundary, and are attacking the Bulgarian stronghold of Strumitza, according to advices received from Saloniki by Reuters Telegram Company by way of Athens.

FRENCH TROOPS ARE LOCKED IN STRUGGLE WITH BULGARS

Battles Reported in Progress in Macedonia and in Serbia Near Greek Frontier—Aegean and Black Sea Mined.

LONDON, Oct. 17.—French troops in Macedonia and at Thessaloniki in Serbia, close to the Greek border, are hotly engaged with the Bulgarians, according to despatches from Athens tonight.

In Macedonia the first clash has taken place, near the railway bridge at Hudovo Vitanovo, where the French were attacked by 40,000 Bulgarians. Fighting is still in progress, according to the despatch, which continues: "The Bulgarian artillery is bombarding the Vitanovo garrison, which is offering a stout resistance."

The Bulgarian Government has officially announced that mines have been laid along the coasts of the Black and Aegean Seas. Lights have been extinguished and the port of

TURKS ARE UNABLE TO COPE WITH BIG FRENCH BATTERIES

Enemy's Guns Are Active, But Not Effective, Says Official Report—Little Fighting in Past Two Weeks.

PARIS, Oct. 17.—(2.37 p.m.)—There was little activity on the French front in the Dardanelles during the past fortnight, the French War Office announced today. Only minor operations are mentioned in the official statement, which reads as follows: "In the Dardanelles, the first two weeks of October have been calm. Attempts made by the Turks to approach our trenches with mines were defeated by the explosion of our counter-mines. The Turkish artillery has been active, but not effective, thanks to the superiority of our own batteries. Our aviators have daily bombarded with success various establishments and camps of the enemy."

FIVE WOUNDED DURING FIGHT OVER A WOMAN

Furious Struggle Takes Place in Upper Room on Niagara Street.

MAY BE FATALLY HURT Peter Brockinsky Badly Slashed and Eight Others Under Arrest.

FIVE men were badly wounded, one of them probably fatally, in a fight over an Austrian girl at 63 Niagara street Saturday evening. The police made nine arrests, and two of their prisoners are charged with wounding.

The wounded men were removed to the Western Hospital are Peter Brockinsky, 63 Niagara street, and Tony Shepoloski, same address. The former has two knife wounds in his abdomen and the police say the man's bowels are pierced in four places. His wounds are probably fatal. Shepoloski is cut in the arm and in the stomach, but may recover.

The following wounded men were arrested: Lauro Syreda, 499 West King street, scalp wound, charged with wounding Sam Svegam, 463 West Richmond street, wounded in the head and held on a charge of wounding.

Morris Winkski, 63 Niagara street, wounding a woman, and charged with disorderly conduct. John Yosky, 63 Niagara street, wounding a woman and charged with disorderly conduct.

Pearl Berti, over whom the fight commenced, and Annie Yulen were arrested by the constable and great police and held as material witnesses. The girls lived at 63 Niagara street with the man.

A Desperate Struggle. The police of No. 3 division, aided by headquarters detectives, worked on the case practically all night, but owing to the difficulties of conversing with their prisoners are still not quite clear on the course of event, which led up to the fight. Lauro Syreda, held on a charge of wounding, was with Pearl Berti, who was the girl, Saturday night when several of the inmates, led by Peter Brockinsky, went upstairs and entered the room.

Brockinsky and his men are said to have been under the influence of liquor and began taunting Syreda for wounding the girl. The argument grew hot and finally Syreda drew a knife, but before he used it was smashed over the head with a beer bottle. Then Syreda is alleged to have wounded Brockinsky in the abdomen. Koderika, another one of the two other men came to Syreda's assistance, and with knives, chairs and beer bottles as weapons, a dozen men battled up and down stairs with such fury that what little furniture there was in the house was completely wrecked and blood stains on the walls both upstairs and downstairs bore witness to the intensity of the struggle.

Neighbors Called Police. Neighbors communicated with the police, and when the officers arrived they found Brockinsky and Shepoloski lying on the floor where they had fallen. In an upper room three men were still struggling, one with a knife and the other with chairs, while in the kitchen three men were trying to bind up their wounds. Some of the combatants had made good their escape, and two of these the police traced to their homes, and placed under arrest.

RED CROSS FUND CAMPAIGN STARTS OFFICIALLY TODAY

Mass Meeting in Convocation Hall Tonight, While 250 Workers Will Get Together To Map Out Their Plans

TORONTO CITIZENS will be given an opportunity on Thursday, "Our Day," to assist in the work of the British Red Cross Society on behalf of the soldiers, by a practical demonstration of their benevolence, and, incidentally to feel that they share in the duty and responsibility devolving upon them in prosecuting the war against militarism and brigandage to victory for the arms of the allies. While Canada has given of its best sons to fight the battles of the empire on the sanguinary fields of Flanders and the Dardanelles, many remain in full enjoyment of British liberty, because of age, home ties, or physical incapacity. To them this appeal is made; to them the workers of the society will make a request for assistance in bringing aid and comfort to the men who are doing and have done their "bit" in the trenches. The work of caring for the soldiers in the hospitals of France and Britain is an enormous undertaking, and involves great expense. Without support of those at home it is impossible to continue the work.

In convocation hall tonight a mass meeting of the citizens will be held to complete arrangements for the campaign, and all those interested, are requested to attend. While this meeting is in progress, a committee of 250 workers will meet in the old McConkey building on West King street to work out the routes and stands to be taken by the decorated motor cars. All owners of motor cars who are willing to devote their machines for the work are asked to call at the headquarters immediately, so that their location in the city may be selected.

A GOOD SUGGESTION. Editor World: Surely the strongest appeal that can be made in Toronto, and all over the empire, for the one-day collection for the British Red Cross work for the soldiers and sailors of the whole empire should be that every man and woman should contribute the equivalent of the wages or income for that one day (Friday, October 22) to this worthy object, irrespective of all other calls. The suggestion in the British Parliament that people there will have soon to face giving up half of their incomes, either voluntarily or involuntarily, for war purposes, should make us Canadians realize how relatively little we have as yet felt the war. N. F. Davidson.

REDOUBT TAKEN UNDER HAIL OF HEAVY SHELLS

After Half Hour's Bombardment, British Infantry Victoriously Advanced.

RAPID RATE OF FIRE Audible Shots From British Guns Proved Countless to Listener.

BRITISH HEADQUARTERS IN FRANCE, Oct. 15, via London.—Along the Hulluch-Halennes line, where the fighting has been almost continuous since the taking of Loos, a correspondent had an unpremeditated view of the British attack which took the Hohenzollern redoubt.

"From a vantage point in the flat country was witnessed a stupendous panorama of artillery preparation and glimpses of infantry rushing thru smoke and shells. So rapid was the fire that an effort to count the number of audible shots per minute from the British guns failed. In front, to right and left, and far in the rear guns flashed and scattered shells over the landscape. A second's lull in the firing by the batteries in the immediate neighborhood was filled by those farther away.

"The line of both the British and German trenches was describable in long clouds of smoke and dust from bursting shells. That of the German artillery seemed smaller in volume. No shells were seen bursting in Loos itself, which appeared peaceful now, back of the British positions. For this tremendous concentration was restricted to a narrow theatre, against the frontal positions of the opposing sides. Rolling Clouds of Gas. Sportsmen's Patriotic Fund Will Have to Be Abandoned

Half-Million Dollar Real Estate Sale in Toronto

FIVE THOUSAND PER ACRE PAID FOR 100 ACRES

Syndicate of Ontario Investors Has Purchased West Lawrence Park.

WEEKS OF NEGOTIATION Major W. S. Dinnick Closed Deal Personally on Saturday Afternoon

AN increase from \$8.75 an acre to almost \$5000 an acre in a mere century is the startling record of the growth in value of a piece of land in the City of Toronto which has just been sold by the Dovercourt Land, Buildings and Savings Company for a million dollars to a syndicate of Ontario investors. The land in question lies on the west side of Yonge street, just north of Glen Grove avenue, and directly opposite Lawrence Park. It is bounded on the north by Lawrence avenue, or McDougall avenue, as it was formerly known, and on the west by Avenue Road. It consists of some of the prettiest rolling land in the city, and includes a picturesque ravine and some very fine groves of trees, among which it is said, MCKENZIE did after his defeat of the rebels on Sallow's Hill in 1837. This land was first granted by the crown in 1891 to a Lieut. Nathaniel Huson, a U. E. Loyalist, and was sold in 1908 at the rate of \$8.75 per acre in thirty to forty-acre sections. It has been known for many years as the old Anderson farm. It was at one time part of the estate of John Boyd, father of the present Chancellor Boyd, and was the site of the first Methodist chapel in Ontario outside of Toronto, where Egerton Ryerson delivered many a sermon. The sale took place after some weeks of negotiation, conducted by Major W. S. Dinnick. The property was known now as Lawrence Park West, and will be laid out by landscape gardeners so as to be in harmony with the original Lawrence Park on the opposite side of Yonge street. It will be sold as high-class residential property.

CANADIAN STEEL HURLED ENEMY FROM PARAPET

Two Battalions Showed Great Coolness When Surprised by Foe.

MAJ. ROY'S SACRIFICE He Was Killed While Trying to Throw Shell Over Parapet.

OTTAWA, Oct. 16.—The following official communication was issued tonight by the minister of militia, as received by him from Canadian headquarters in France: "On Oct. 6, Major A. V. Roy, 22nd Battalion of Montreal was standing in a trench issuing orders to Company Sgt.-Major Marion and others. The enemy trench mortar shells were falling in the vicinity. Brig.-Gen. Watson of Quebec had just passed along the trench when a mortar shell fell into the trench a few feet from Major Roy and his men. The shell did not burst on impact, and, rushing towards it, Major Roy bent down with the object of seizing it and throwing it over the parapet in order to save the lives of those near him. Before he could grasp it, the projectile exploded, inflicting wounds from which Major Roy shortly afterwards died. His gallant self-sacrifice has been specially reported by his brigade and divisional commander.

Used Bombs and Bayonets. "During the period Oct. 8 to 14, there has been no material change on the front of the Canadians. On the afternoon of Oct. 8 the enemy exploded four mines at points on the front

GREECE ABOUT TO AID ALLIES

King Constantine Preparing to Go to Saloniki in Near Future.

SITUATION CHANGING Anti-War Party Modifying Attitude Since Bulgaria Entered War.

ATHENS, Oct. 17, via Paris, 11.40 a.m.—The energetic action of the entente allies and the opening of actual hostilities between Bulgaria and Serbia apparently are rapidly modifying the attitude of the Greek anti-war party. There is credible authority for the statement that King Constantine is preparing to go to Saloniki in the near future, and it is said, in circles usually well informed that Greece will abandon her attitude of neutrality as soon as the concentration of troops is completed and army arrangements perfected.

The impression prevails here that Roumania will also shortly ally herself with the entente powers.
