Your Old WHEEL Will Look New

If you fit it up with a nice, new pair of wooden handle bars. It is the life of an old hat to cock it. It is the same with a bicycle. Nothing gives a wheel a trimmer, neater, more up-to-date appearance than a nice pair of bars. The wooden bars are more durable than steel, do not tire the arms and can always be kept looking new by touching up with varnish. We are selling Dwyer adjustable wooden bars at

There was a field day at Hanian's Point yesterday, when the rabid rooters visited the Island to see Arthur Irwin's, League deaders scoop up grounders, pull down flys and hit and run. They did it ail to the setisfaction of everyone, who promptly picked out the favorites, Gatins caught the crowd, and Carney looked like a worthy successor to Dan McGann. Casey was full of ginger, and was royally welcomed back. Fox seems all right at third, while the old outfielders will scarcely ever be missed. Sheehan is still away, and left field is being looked after by All-Rounder Kielsling. Red Grey gets over lots of ground, while Freeman is still whaling the ball. The corps of pitchers, headed by Gaston, and Wilson, the new catchers, have good action and great wings. A husting town manager struck the Point yesterday, and as a result one of Irwin's batteries will do missionary work against a hated rival in the West this afternoon.

Chief Constable, speaks for itself:
Chief Constable's Office, Toronto.
H. A. Lozler & Co., 117 Yonge-street:
Sirs,—I have much pleasure in stating that the Cleveland bleycles your firm supplied last year for the use of the Police Department gave every satisfaction.

The men who have ridden them claim they run with remarkable ease, and, for that reason, are well satisfied.

The fact that the department has placed the order again with you this year may be taken as an evidence of the confidence I have in them. Your obedient servant,
