MR. JOHN R. SMITH

A well known gentleman of Lake
Stream, N. B., speaks willingly of the good effects of Laxa-Liver Pills.

Week by week and month by month the demand for Laxa-Liver Pills steadily increases.

The old-fashioned, nauseating, griping purgatives are being rapidly superseded by these easy-acting, non-irritating little

Room and Sleeps.

Owen Sound Sun.

A very queer thing happened on Thursday morning. A young man, light complexioned and wearing a black suit, evidently a stranger in Owen Sound, was looking for a bed on Wednesday night and picked on a boarding house on North Scrope-street, as a nice place to sleep. He did not go through the formality of asking permission, but got a plank and stood it up against the side of the house. Climbing ap the plank he opened a window which made an entrance to the bedroom of a young lady visitor. Here he made himself as comfortable as possible by stretching his weary limbs on the floor beside the bed and straightway went to sleep. About 4.30 a.m. the young lady awoke and seeing a man in the room immediately screamed out, thus awakening the intruder and the rest of the household, but the man was up and out of the window before anything could be done to stop him, and that is the whole story.

by these easy-acting, non-irritating little fellows.

If you're troubled with biliousness, dyspepsia, sick headache, constipation, liver complaint, muddy complexion, blotches or pimples—just take a Laxa-Liver Pill or two before retiring—

They'll work while you sleep without a gripe or pain—make you feel better in the morning.

Mr. John R. Smith, Lake Stream, Kent Co., N.B., says: "From personal experience I willingly testify to the good effects derived from the use of Laxa-Liver Pills for sick headache and constipation."

About 7 o'clock the Isly, the larger of the French ships, hauled up anchor and steamed down past the line off for St. Pierre. As she passed the Crescent the latter's band played the Marseillaise, but there was no dipping of flags. When the British ships came in to-day, however, the usual salutes were fired. It is quite evident there are somewhat strained relations among the French and English fleets, but nobody in authority will speak on the matter.

Thirty-five men are now employed sinking shafts, drifting and developing generally. Five hundred and fifty thousand shares are still in the treasury, a limited amount of which is now for sale for the purpose of providing funds for future development. S. J. Sharp Member Toronto Mining Exchange. Mining Section Board of Trade.

We believe the mine with ten stamps is producing nearly as much gold as the Cariboo (Mck.) with twenty, or the Sultana with thirty stamps. The big ore lenses of the Sultana carry about \$7 per ton. We think the Star good for from \$14 to \$21, and with 3000 feet of development it should keep thirty stamps going. The concentrates were not disappointing. The stock is weak owing to delay in giving out the report. Buy now. The average man goes in on the rising and out on the falling market, thus giving momentum to both movements. Hence some stocks are too high, others too low. We try to identify both classes. Send for our views. Having no interest in any stock we naturally fall into the practice of recommending only the biggest money makers, for, if we lead you to profits your patronage is assured. All our interests are against advising the purchase of sale of any of the standard stocks will be promptly and carefully executed.

The Advice of a Broker who is financially interested in the stocks he is selling can scarcely be considered a safe guide in investing. He may be perfectly honest, but he is apt to be too sanguine. We buy . and sell for clients only. We are not interested in any mining company, and we have no stocks of our own to unload. We recommend Alice A., Deer Trail No. 2, Van Anda, Fairview Corporation and Hammond Reef, because we believe they will prove big money makers.
