EIGHT DROWNED AT ONCE SEVEN LITTLE CHILDREN

In Wading and Stepped From Sandbar Into Deep Channel of Mississippi.

Alton, Ill., Aug. 5.—While bathing in the Mississippi River to-night, Michael Riley, his daughter and six of the latter's little girl friends were drowned. One child was rescued.

They had gone some distance from the shore when suddenly the whole party disappeared beneath the water, having in the darkness stepped from the sandbar into the deep channel.

RECEPTION FOR ARCHBISHOP SHOULD MEET WITH FAVOR

Dr. Goldwin Smith, a Personal Friend, Believes His Grace Would Give Gracious Consent.

His Grace the Archbishop of Canterbury will be in Toronto during the Industrial Fair, arrangements now being made by the Bishop of Toronto...

On Sunday morning, Sept. 4, the archbishop will preach in St. James' Cathedral. In the evening a service will be held at St. Alban's, where he will also preach.

The archbishop is coming to America to attend the Episcopal convention in Boston in October. He has engaged to preach in Quebec on Aug. 28, and the rest of the time before coming to Toronto will be spent in Montreal.

The archbishop will probably stay at the Grange, the guest of Dr. Goldwin Smith, who he remains in the city.

Liberal and Kind-Hearted. Dr. Goldwin Smith was asked by the World what he thought of the proposal to hold a reception for the archbishop...

As an affair of the citizens, the mayor might act, but he is absent. The lieutenant-governor is really the only one who is also away, and I do not know whether he would return to receive the archbishop.

Mr. Oser, as one of the members, and a leading citizen, could do it with perfect propriety.

"I think I know enough of the archbishop to say that he would be glad to have evidence of kind feeling from persons of other denominations than his own, but of course, we could not expect him to do anything that would derogate from his position as the head of the Anglican Church in this country."

The archbishop sails on Aug. 19, Canon Welch told me. That should bring him here about the end of the month.

E. Oser, M. P., was not at home yesterday evening.

HAVE A PUBLIC MEETING. Editor World: On the lines of your article to-day, in regard to the Archbishop of Canterbury, I would suggest that if he is to be here on a Saturday, a big meeting in his honor be held in Massey Hall, when one or two short speeches by citizens be given, and a speech by the archbishop himself.

BOYS BURNED THE BALLOON WHEN IT DIDN'T PERFORM

Lively Scenes Marked Fiasco of Entertainment at Sunlight Park Last Night.

The balloon ascension advertised in connection with the band concert in Sunlight Park last night seems to have turned out a huge fiasco, nevertheless the big crowd that paid their money to see the show got their money's worth.

When 9 o'clock came and Professor Burnett had not turned up to make the ascent the crowd began to grow impatient, especially the boys, and the man appeared to announce that the event of the evening would shortly take place, he was approximately booed by the crowd and things began to happen.

The professor and his colleagues were dragged into the confutation, and so interesting for him that the police were compelled to interfere and escort the victim from the grounds.

One policeman got a bad cut in the face from a flying brick.

At this point the boys laid themselves out for a good time. The fire that had been kindled to generate smoke for the machine was fanned into a big blaze, the boys having piled up barrels, boards and benches upon it, and as a climax the balloon itself and two five-gallon cans of gasoline were dragged into the confutation.

Fortunately the corks blew out of the gasoline cans and thus prevented the fire from spreading to the balloon. The fire department was soon on the scene, and quickly doused out the fire.

The professor and his colleagues made good their escape, thus avoiding the indignity of being hauled before the court. The ascension is said to have been a failure, and it is hinted that the manager had disappeared with the gate receipts, the latter's disinclination to perform.

ARGENTINES BEAT WINNIPEG PARK AT TORONTO

Two Genuine Surprises at the First Day of the Regatta at St. Catharines.

St. Catharines, Aug. 5.—(Star Special.)—The first day of the second regatta of the Canadian Association of Amateur Oarsmen, on the new Henley course here, and the twenty-eighth annual regatta of the association, passed off in a thoroughly satisfactory manner.

A large crowd was at the course, many of whom came over from Toronto by boat, and the conditions for rowing were splendid, the water being smooth and the breeze light.

There were two genuine surprises. No one expected the Winnipeg senior pair oars to win, but, of course, they did.

POSITION FOR PTE. PERRY OFFERED AT VANCOUVER

Grenadiers Have Not Yet Formulated Plan to Induce Him to Stay Here.

"Everything is progressing in lovely fashion for the reception of Private Perry," said one of the garrison committee members last night.

As yet the Grenadiers have made no move towards a plan to induce Pte. Perry to make his future residence in Toronto and to rejoin his old corps.

Anticipates Pleasure of Being Received in Toronto, the Place of His Birth.

Montreal, Que., Aug. 5.—(Special.)—The kindness I have received from Canadians in all walks of life, especially the boys of the force, and above all from dear old Toronto, makes it imperative that I should spend a few days in the city where I was born and where I still have so many friends.

It was one of the remarks made by the World this evening by Pte. S. J. Perry, the winner of the King's prize, as a matter of fact Perry was the talk of this city's military force all day, and those unacquainted with the situation might easily be misled into supposing that the hero was a resident of Montreal, and had just landed among his own people.

The most exacting, in fact, could not have asked a more hearty and sincere welcome than that accorded the brave soldier by the military and citizens generally of the commercial metropolis.

It is interesting to note that the highest officer in the 5th military district, Lieut.-Col. Gordon, D.O.C., had to say to the veteran soldier, "You are a Canadian, and you are a little better known to me than I am to you."

As the Prince of Wales pointed out in his speech great importance should be attached to this soldier's visit to the city, as it is a most important part of military efficiency, and Canadians are appreciative of this more and more.
