

The 200 copies of the C edition at the foot of this list were procured expressly for the use of strangers and for the Congregation at its practisings of Sacred song.

For both these purposes they have been found exceedingly useful.

CHURCH SABBATH SCHOOL.

The welfare of the Sabbath School being so closely identified with that of the Church, it is gratifying to have to record a continued increase in its growth, and this notwithstanding the withdrawal of a considerable number of the older pupils who have connected themselves with the Bible Class. The amount raised for Missionary purposes by the children during the year will, we are assured, reach the sum of \$250.00.

Mr. D. Morrice, who has so long and faithfully performed the duties of Superintendent, still continues in that position, as does Mr. H. Watson, as Assistant Superintendent, their efforts being seconded by an efficient staff of teachers.

BIBLE CLASS.

Notwithstanding the many duties devolving upon him, as Principal of our Theological College, Dr. McVicar kindly offered to take charge of the Bible Class during the winter months. The subject of study, viz : " Readings in the Pentateuch, illustrative of the Unity of the Church of God," has proved most interesting and instructive, as is evidenced by the large attendance at the class, averaging about one hundred. All who can, especially the young people of the Congregation, should avail themselves of the opportunity thus offered, of acquainting themselves with a subject at once so interesting, and so ably presented. The class meets in the Lecture Room, on Sabbath afternoons, at a quarter past four o'clock.
