London, July 26.-The Times, commenting editorially upon the debate in the Canadian Parliament on the Alaskan boundary matter, says: "Sir Charles Tupper expressed himself with unnecessary energy, but looking to the present position of the Alaskan negotiations, we hope we may disregard his oratorical fireworks. Sir Wilfrid Laurier's tone was studiously conciliatory and moderate, and as no concessions will be made in Alaska without Canada's knowledge and consent, there is no room at present for the pessimistic views of impatient politicians in Ot-

London, July 26 .- According to the Cape Town correspondent of the Daily Mail, President Kruger's resignation is regarded as a cute move to create a crisis for the purpose of tiding over the interval until the rainy season begins. The correspondent says that the Dutch extremists ascribe it to a deep British game for the pensioning of President Kruger, in order to allow the

This is made absolutely clear by the declaration signed by the American delegation, read in full in the conference today, and enter-ed on the records. The relations between the Americans and other delegates, notably the English, German and Russian, have been extremely friendly. The Englishmen and Americans acted throughout almost like a joint delegation. This was due to no arrangement or direction, but solely because both nations found common ground of defense, common interests, civilization and humanity. The only point on which the English delegates failed to support the Americans was the resolution forbidding the capture of private property at sea. The Reformatory Ship Clarence Burned at Liverpool.

Bravery and Good Discipline of the Foys-A Narrow Escape.

Liverpool, July 26.—The Roman Catholic reformatory ship Clarence was destroyed by fire early this morning. It was but a few moments after the fire was discovered until the great three-decker was wrapped in flames. Intense excitement prevailed until it ecame known that the hundreds of lads and officers on board the Clarence had been saved by the ferryboats Mersey and Firefly, which quickly made fast to the burning vessel and began pumping water upon the flames.

The boys on board the Clarence worked with the utmost discipline until they were forced to leave the ship with Bishop Whiteside, who spent the night on board the Clarence, lost their per-

sonal effects. The crew of the Mersey had a narrow escape, having barely time to re-gain their own craft, which had the utmost difficulty in getting clear of the burning vessel, when the bulwarks of the Mersey were beginning to take fire. Three hours after the fire was discovered the Clarence's back broke and she settled slowly. This was the second Catholic reformatory ship of the same name that burned on the Mersey River. Her predecessor was fired by boys on board of her.

Defalcation of the Banque Ville Marie's Officers May Reach \$100,000-Note-Holders Lose Nothing.

Montreal, July 26 .- In regard to the suspension of Bank Ville Marie, Mr. W. Weir, president of the bank, made the following statement yesterday: "We charge James Herbert, teller, with being a defaulter to the extent of \$58,000. We charge F. X. Lemieux, chief accountant, with being an accomplice to this defalcath Warrants for the ar-rest of both of these employes are in the hands of Chief Detective Carpenter. Mr. Ubalde Garand, in whose charge the affairs of the bank have been placed, is a member of the firm of Garand & Terroux, private bankers,

and is a gentleman who has the entire confidence of the community. The suspension of the bank created no sensation in financial circles, for it never was regarded as very strong. It will be very different throughout the country districts, where the bank had the following branches: Hochelaga (city), Point St. Charles (city), Bertheirville, Lachute, Lachine, Nicolet, Ste. Therese, St. Laurant, l'Epiphanie, Laprairie, Chambly Basin, Marieville, bank and branches held deposits bearing interest amounting to \$1,256,357 which, of course, were largely the savings of poor people in the country. There were deposits not bearing interest of \$232,331. Of course holders of the bank's notes are in no danger of

The local stock market was not seriously affected by the news. In local banking circles the troubles of the Ville Marie Bank have been known since the first of the week, and the banks have been proceeding with the view of protecting themselves. Yesterday there was a balance against the Banque Ville Marie at the clearing house of about \$30,000. The withdrawal of the bank from the clearing house yesterday, although it could have met the balance, was with a view to making no preferences and taking advantage of the 90 days given by act of parliament to readjust its affairs. ### Dainty Finger Tips.

One of Nature's kindest gifts to woman is a beautiful hand. "As soft as dove's down and as white as it." The assertion that a patrician descent of five generations is necessary for the possession of hands perfect beyond criticism, does not hold good with the nineteenth century woman, who realizes that with intelligent attention these members may be cultivated to an astonishing degree of grace

and elegance. Continuous and unremitting care and the faithful use of "Hazeline," a delicate, creamy, stimulating lotion, will restore the hands, damaged by long neglect, to that softness of texture and delicacy of touch, always so delightful an attribute of woman.

Cleveland, July 26.-The obstructions placed on the tracks of the Big Consolidated street car lines during the night were found to be fewer than at any time since the present strike was inaugurated. The car crews are allowed in Cleveland to array themselves like walking arsenals, but across the border the mayor of Brooklyn has taken steps which prevents that town from armed invasion. which comes across the bridge. Ralph P. Hawley, the non-union motoroman who shot and killed Henry Cornzwelt, was arraigned in the police court on the charge of second degree murder.
