PROF. WRONG AT ST. JAMES'

Preaches Lenten Sermon—A Condem-  
nation of Gluttony.

There was a large congregation at  
St. James' Cathedral yesterday morn-  
ing, when Prof. Wrong preached a spe-  
cial Lenten sermon.

Taking his text from the words: "Re-  
pent for the Kingdom of Heaven is at  
hand," the professor dwelt in an  
inspiring fashion on the extraordinary  
extravagance and luxury that marks  
the present day, and more especially  
dealt with the vice of gluttony or self-  
indulgence, which is now so prevalent,  
and remarked that a well-known local  
doctor stated that there was now more  
over-eating than over-drinking among  
a certain class of society.

He enumerated the several typical  
vices of society, such as gambling, evil-  
speaking and the extravagance in  
dress and living amongst all classes.  
In reference to this the professor stated  
that last summer he expressed his opin-  
ion to a large employer of labor in the  
city, "that bad times were coming  
soon," and the employer said "that they  
could not come too soon," and that the  
people might realize their position.

In conclusion he urged everyone to  
make a resolution to make some spe-  
cial self-denial this Lent.

The music, as usual, by the talented  
choir under Dr. Albert E. Ham, was  
excellent, and included a beautiful set-  
ting of the "Benedictus" by the doctor  
himself, and Stainer's anthem, "God Save  
the Queen."

Planes to Rent.

terms. Six months' rent allowed for

#### DROVE INTO CREEK.

Boy and Horse Drowned While Driv-  
ing Near London.

LONDON, March 8.—(Special.)—A  
drowning occurred about two miles  
from here on the fourth concession of  
Thames River, where a young boy, aged  
13, lost his life.

The boy was driving along the road  
near the Tupper bridge, where the  
river has overflowed its banks, when he  
drove into the creek and was swept un-  
der the ice.

He tried to escape by getting on the  
horse's back. The ice was dynamited  
for considerable distance, but no trace  
of either the boy or the horse was  
found.

#### CLAIMED WRONG BODIES AMONG DEAD CHILDREN

Parents Make Sad Mistakes—  
Rescuer Among Those Who  
Are Killed.

CLEVELAND, March 8.—The total  
number of dead, as a result of the  
burning of the Lakeview School in  
Collinwood last Wednesday is now  
thought to be 174. Of this number  
the bodies of 187 have been found.

The death list was increased early  
to-day by the death of Glen Barber,  
ten years of age, who succumbed to  
injuries sustained when he leaped  
from the second story of the doomed  
building. Of the bodies recovered 147  
have been identified. The last identi-  
fication was established when the body  
of Richard Kelly, the ten-year-old son  
of Walter Kelly of The Cleveland  
Leader, was picked from the charred  
remains. His mother was able to com-  
plete the identification by means of  
stitches she had worked about a but-  
ton-hole found in a small piece of  
the boy's underclothing, which clung  
to the body.

It is believed by officials in charge  
of the bodies that mistakes have been  
made by parents who claimed the lit-  
tle blackened remains during the ex-  
citement of the first day or two, and  
that they took possession of bodies  
that were not those of their dead  
children. Deputy Coroner McNeil was  
convinced of this early to-day, and  
made an effort to rectify some of the  
blunders. In this he was handicapped,  
as in some cases the funerals had  
been held and in other instances the  
bereaved parents could not be con-  
vinced of their supposed error.

#### Burying the Unknown.

Arrangements were completed to-  
day for the public funeral for the un-  
identified, which will be held next  
Monday morning. The bodies of the  
dead children, whose parents have not  
been able to bear the financial burden, will  
be included in the service.

The village council of Collinwood  
has purchased a small tract of land  
in the village cemetery, where all of  
these bodies will be interred.

At the same time the public fun-  
eral will be held, memorial services  
will be held in all of the city schools  
in Cleveland. At that hour also,  
of the church bells in Collinwood  
will be tolled simultaneously.

The body of Miss Katherine Weiler,  
a teacher who met death in the school  
children, who was not recovered  
until Tuesday, was found by her body  
found to be that of a man. This  
body is supposed to be that of John  
Kraus, who was one of the first to  
reach the burning school building  
and who was seen to rush into the  
building in an effort to save the  
children who were in the building.

A movement has been started among  
the school officials of Cleveland to  
have the school children, who were  
killed in the fire, buried in a public  
cemetery. An effort will be  
made to broaden the plan so as to  
include the school children of all  
of the city. The whole state. Each  
scholar will be requested to donate  
one penny for the purpose of meeting  
the expenses of the funeral.

sulted in a complete victory for the

#### DENY THEY'RE DOUBTFUL LINE-UP LOOKS SAME

Ald. Bredin and Adams Have Not  
Yet Seen the Error of  
Their Ways.

Will the city council decide this  
afternoon to repeal the license reduc-  
tion bylaw?

Controller Spence and such stalwart  
licensees as Ald. Hales and Keeler  
present themselves as absolutely con-  
fident that the ranks of the reduction-  
ists will not be weakened by a single  
defection. On the other hand, there  
are apparent evidences that several  
followers have wavered, but whether  
to such an extent as will cause them  
to change their votes is doubtful.  
A reputation of clericalism and  
temperance workers, including Rev.  
Dr. Sowerby and Rev. B. W. Spence,  
secretary of the Provincial Temper-  
ance Association, will be on hand as an  
offset to the committee appointed at  
the Massey Hall meeting of Friday  
night, composed of Ald. J. A. W.  
Boswell, Rev. Father Michael, J. W.  
Kennedy and W. J. Hevy, represent-  
ing as president and secretary re-  
spective of the Trades and Labor  
Council, about 17,000 workmen of the  
city.

Ald. Bredin, speaking at a gospel  
temperance meeting in Toronto Junc-  
tion yesterday afternoon, said that a  
false impression had been created as  
to his attitude regarding the bylaw,  
and that he would not waver in his  
support.

Ald. Adams last night expressed in-  
dignation at being classed as "doubt-  
ful."

"I don't see why I should change  
my vote," he said, "if I am not  
a member of the council to-morrow. You  
never can tell."

In order to repeal the bylaw it is  
necessary that a majority of the thirteen  
members who voted for it should join  
the opposition forces, assuming that  
all the members are present. Con-  
troller Spence and Ald. Benough are  
out of the city, but are expected to  
return this morning.

The vote four weeks ago was:  
For a referendum—Controller Ward,  
Ald. Stewart, Sanderson, Chisholm,  
Church, McBride, Lytle, McMurrish,  
Whitlock and McBride—10.  
Against—Mayor Oliver, Controllers  
Hocken, Harrison, Spence, Ald. Hales,  
Foster, Benough, Bredin, Vaughan,  
H. Graham, Keeler, J. J. Graham  
and Adams—13.

#### DISGRACEFUL EPISODE IN C. C. LEGISLATURE

Socialist Leader Clashes With the  
Liberals and Allegations Are  
Hurled About.

VICTORIA, B.C., March 8.—(Special.)  
—The house resumed Saturday after  
seven weeks' session, in which it passed  
sixty-one bills, the most notable be-  
ing the British Columbia Inland Pacific  
Railway Bill, making an agreement with the new trans-  
Canadian railroad for terminal facilities  
at Prince Rupert, and the university  
bill, for the establishment of British  
Columbia University.

The final session was marked by a  
most disgraceful scene in the handling  
over the S.T.P. treatment. The Kaia  
Island deal of three years ago was in-  
troduced in the discussion and Haw-  
thornthwaite, the leader of the Social-  
ists, declared that the Liberals had  
swallowed themselves." John Oliver  
(Liberal) declared Hawthornthwaite had  
deliberately argued the case for the  
Socialists, and the Socialist again bound-  
ed up and hurled lack the accusation  
with another to the effect that Liberals  
had deliberately misrepresented the po-  
sition of the Socialists in the Kaia Is-  
land deal during the last election. The  
Liberal leader demanded the with-  
drawal of the charge, and the Social-  
ists declared that they would not with-  
draw. "Not until Oliver withdraws  
his," Mr. Ross (Nanaimo), who was  
chairman in committee, requested the  
Socialists to withdraw the charge. The  
Socialists refused to do so, and the  
house adjourned.

#### WHY HARRISON'S HASTE?

Would Like to Divide Council To-Day  
on the Power Negotiations.

Controller Harrison, when spoken to  
last night regarding his expressed in-  
tention of asking the city council to-  
day to vote on a motion to hand all  
ultimate power to the Electric Light  
board, he had not definitely decided  
to do so.

Mayor Oliver said last night that he  
desired to understand why the controller  
is complaining of inactivity on the  
part of the board.

"He wanted to put his resolution to  
the board a couple of weeks ago, and  
I told him I didn't think there was  
any sense in it. On Tuesday we can  
act on it. We shall be able to do  
anything or not. We are in a pecu-  
liar position. If we could do the hy-  
dro-electric commission we might get  
on a good deal faster. If we could take  
over the Electric Light Co. it would  
facilitate matters a good deal. But  
the position I take is that we've got  
to act on the commission. It's all  
very well for Controller Harrison  
to fly off the handle, but the people  
don't want us to spend five or six mil-  
lions in five or six minutes."

The mayor on Saturday arranged  
for a conference with the T. E. L. to-  
morrow at 3.30.

#### Arrested for Theft.

WINNIPEG, March 8.—Cornelius  
Epp, a well-known city steamship  
agent, has been arrested in St. Louis,  
Mo., on the charge of stealing \$2300  
from a Galician named Wenck.

James Semple, 197 East King-street, fell  
from an east-bound King car in front of  
the Nelson House at 7.30 Saturday night,  
sustaining severe scalp wounds. He was  
taken to the General Hospital.

Col. Hugh Clark will address the Pro-  
gressive Club to-morrow evening at 8.30.

Outside of a few finishing touches, the  
C.P.R. roadbed between Walkerton and  
Galt is ready for the ties and rails.

Galt school caretakers have been order-  
ed to leave school buildings during school  
hours, and to leave all doors un-  
locked.

Barnford's fire chief wants a telephone  
alarm system in the schools.

The board of railway commissioners  
will visit the dangerous Ingersoll cross-  
ing, G. T. Blackstock has been engaged  
by the town.

Bears were plentiful at Woodstock on  
Saturday and dropped 6 cents, to 25 cents  
a dozen.

#### DRANK POISON FOR MEDICINE.

MOOSEJAW, March 8.—(Special.)—  
Anna May Ingarsden, a young Swed-  
ish woman, drank gopher poison by  
mistake instead of cough medicine and  
died in great agony.

#### CHINA AND JAPAN

Continued From Page 1.

Government to deal in arms. It is as-  
serted that the Ataka Shokai had ob-  
tained the necessary permit from the  
Macao authorities with regard to the  
arms and ammunition, and that the  
usual customs and police formalities  
had been complied with at Kobe,  
that she anchored outside Ma-  
cao harbor, is explained by  
the statement that her draught was  
too great to permit her to enter the  
harbor in safety, and the intention  
was to have the cargo lightered. The  
captain says the vessel was surrounded  
by four Chinese gunboats, and shortly  
afterwards was boarded by the Chinese  
commander, who declared that altho  
the steamer was in possession of a cer-  
tificate issued by the Portuguese au-  
thorities at Macao, the Chinese govern-  
ment was informed that she was bound  
for Macao with cargo of 124 cases  
of arms
