IT IS SPRING

WEDNESDAY MORNING

But Still Fur Weather

A small neck-piece or scarf makes an excellent finish to your spring costume. One is not only ultra stylish, but necessary in this changeable climate. You will also make a wise investment should you buy to-day, for fur prices are "soaring." Next year you will pay eighty per cent. more at least.

We have now a special display of Spring Fur Garments, all made from the past winter's trapping--made from the latest Parisian designs to fill next winter's orders.

What will it be? Ermine, Royal Canadian Mink, Russian or Hudson Bay Sable, Chinchilla. They are all what you call "Spring Furs" and we

are showing them in the very latest fashions.

When you call ask to be directed to our Millinery department—It's "worth while."

QUEER DOINGS ON THE SUN GAR. VETERAN DR Strange Eruptions Are Observed by

CHICAGO, March 29 .- Strange eruptions have appeared on the sun ac-cording to a statement by Professor Edwin B. Frost, director of the Yerkes dead. Observatory at Williams Bay, Wis.
"The eruptions shoot from the surface of the sun like skyrockets," said Prof. Frost. "They are easily visible at the edge of the disc. One of them shot out to a length of 150,000 miles, as near as we could estimate. It then detached itself from the main body and sped thru space, a mass of luminous distance from the sun of about 250,000 miles. The eruptions are probably caused by the release of pressure on some particular spot af the sun."

uses, Ald. W. G. Craig, chairman of the water works committee, has tendered his resignation to the council. The water department was putting money by for contingencies.

KINGSTON, March 29.—As a protest against the council's act in taking \$9,000, a surplus in the waterworks department, and devoting it to general uses, Ald. W. G. Craig, chairman of the water works committee has tendered to the King Mission Sunday Cabasi

ASTRENGTH BUILDER

No man should be weak. No man should suffer from the loss of that vitality which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer when there is at hand a certain cure for his weakness.

Most of the pains, most of the weakness of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

You can feel as vigorous as you were before you-wasted your strength. You can enjoy life again. You can get up in the morning refreshed by sleep, and not more tired than when you went to bed. You

strength. You can enjoy life again. You can get up in the morning refreshed by sleep, and not more tired than when you went to bed. You can have no weakness in the back or "come and go" pains. No indigestion or constipation. You can know that your strength is not slipping away. You can once more have bright eyes, healthy color in your cheeks, and be confident that what others can do is not impossible for you. In short, do you want to be strong and healthy? I can make you all this, because I have done it to others.

I'll give you all the proof you want if you will write to me, and if you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me you navel to be something of the source of t

PAY WHEN YOU ARE CURED.

Pick out the men who have worn my Belt. See them with head ect, chest expanded, the glow of health in their cheeks, courage in sir hearts, and a clasp of the hand that tells you, "I am a man." Mr. Samuel J. Harnett, North Gower, Ont., says:—"I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of Indigestion and other aliments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do." Cut out this coupon now and mail it. I'll send the book without de-lay, absolutely free. Call if you can. Consultation free.

DR. M. O McLAUGHLIN, 112 Yonge Street, Toronto, Can. Dear Sir,-Please forward me one of your Books, as advertised.

Day or Two Will See the Work General-Big Grist of Suburban Happenings.

The earliest seeding within the last 30 years, and which promises to soon become general is now in progress out in Scarboro Township. Deputy Reeve W. H. Paterson of Scarboro was in the city yesterday and says that a number of farmers around Agincourt are plowing and seeding. It is said that the land is for the most part in excellent order, the ground fine and loamy making a great seed bed. Police Magistrate John Ramsden came in from Sutton last night and reports that at several places in the

reports that at several places in the county, farmers are engaged in plowing and sowing. Except in a few very sheltered places, the snow has all disappeared, and the ground is rapidly drying up. "I have often seen good sleighing at this time of the year," said Mr. Ramsden, "and this year seeding will be general in a day or

remarkably well coming out nice, and green, and for the most part little winter-killed. A good warm rain would start the roots growing nicely. Fall wheat went into winter quarters with a fair top, tho the dry fall militated against any very luxuriant growth. The trying time yet remains in freezing nights and thawing days.

Clover and timothy are thought to have wintered well, but it is yet too early in the season to even hazard a guess as to the outcome. Reports from all parts of the county would indicate that the outlook for this most important crop is, however, an

The unprecedentedly warm weather has caused some anxiety as to the fruit trees, and the injury likely to be inflicted in the event of a severe cold snap. Already the buds are be-ginning to swell, and continuance of

Had Given Up All Hope of Living. Heart Trouble Cured by Milburn's Heart and Nerve Pills. March

Mrs. Andrew Savoy, Grattan's, N.B., writes:—'In the year 1905, I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors, but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.
