# **NEWSPAPER MEN MEET IN TORONTO**

Canadian Press Association to Hold Annual Meeting Next Week.

## IN TECHNICAL SCHOOL

Promises to Be One of Most Notable in History of Organization.

On Thursday and Friday of next week newspapermen from all parts of the Dominion will gather in the Central Technical School, corner Lippin-cott and Harbord street, to attend the fifty-eighth annual meeting of the Canadian Press Association. From Canadian Press Association. From the standpoint of excellence of program and place of meeting and of attendance—judged by present indications—the meeting bids fair to be one of the most notable in the association's history. The convention will last two days, and will be presided over by the president, W. E. Smallfield publisher of the Renfrew Mercury.

#### TWO PASTORS ENLISTED FROM BELWOOD CHURCH

Annual Meeting of the Guelph District of Hamilton Methodist Conference Held Today.

Special to The Toronto World.
GUELFH, May 25.—The fact that
one Methodist church at Belwood, in
the Guelph district, has given two pastors to the army in the capacity of privates was brought out at the annual meeting of the Guelph district of the Hamilton Conference, which has just concluded here. Rev. U. D. Taylor, the paster of the Belwood Church, or. the pastor of the Belwood Church, enlisted some time ago as a private. To take up the work there the conference arranged for George McDonald, a probationer from Hamilton, to become the pastor. It was only a matter of a few months until he also responded to the call of the empire and joined the overseas forces.

The reports submitted at the meet. The reports submitted at the meeting here were most encouraging. They showed a total membership of 3892, an increase of 125 for the year. Mission ary givings totaled \$7637, a substantial increase, while the educational fund has received almost \$300 more than was reported for the preceding year. Rev. J. Austin Jackson of Elora presided at all the sessions and representatives were present from Guelph. Nas.

INCREASE IN DEPOSITS

Stated at Over Five Million Liquid Assets Position Strong.

The annual reports of our leading Canadian banks offer a reliable gauge of the business conditions. The statement of the Imperial Bank of Canada, presented at the annual meeting on Thursday, May 25, is not only highly entisfactory to the shareholders, but as well to the country at large.

The profits for the year equaled 6.68 per cent. on the combined capital and reserve found, and, after paying the usual dividends, amounting to \$840,000, paying the government war fax on circulation, subscriptions to patriotic funds and the annual contribution to the pension fund, the bank was able to carry forward to the credit of profit and loss account \$1,089,656.29 Deposits show an increase of over \$5,000,000, a considerable portion of which

The bank's holding of Canadiar, municipal securities and British and foreign and colonial public securities, increased \$3.876,361, now standing at the splendid figure of \$4.947.071.

A marked feature of the statement is the strong position in liquid assets, which stand at \$43,586,000, a gain over the previous year of \$7.519,000, and over \$9,000,000 above 1914.

## Political Intelligence

Whatever the situation may be in Ottawa or other parts of the country there is something like a real political truce Toronto and this part of Ontario. The party organizers will soon be busy adding names to the voters' lists, but no adding names to the voters' lists, but no political meetings are scheduled. At the Conservative headquarters it was said that most of the party workers were who escaped from the prison farm on May 23, and David Lee, who escaped on May 19, appeared before the magistrate. They elected to be tried by a Died—502511. Sapper Charles James said that most of the party workers were now at work in the trenches: a number of organizations will hold annual meetings in June, but in many cases they will be dispensed with. At the Libera headquarters there seemed to be no fear of an election. "People are not thinking about politics, and they would not tolerate an election at this time," was the statement made by one of the party workers with every appearance of sin

> Sir Wilfrid Laurier's visit to Toronto was about the only ripple in the politi cal pond for some time past. The Liberal chieftain arrived Monday night over he Canadian Northern, and was met at the train by Mr. P. C. Larkin and other local Liberals. The party motored the Ontario Club, where Sir Wilfrid held something like an informal levee until 11 o'clock. Among his callers were: Messrs. J. F. McKay, A. H. Beaton, Alfred McGuire, J. F. Weston, R. R. Cromarty and Frank Denton, K.C.

N. W. Rowell, K.C., was among thos present, but it is known that the Doninion and provincial leaders had a long conference on Tuesday.

A report is in circulation that Mr Rowell may go to Ottawa next session and Mr. Fred F. Pardee, M.P., become leader of the provincial opposition. The World is unable to confirm this report. Mr. Rowell has recently announced provincial program, and that would seem indicate that he intends to remain in the provincial field. Mr. Pardee is just now on a vacation in Nova Scotia. passed thru here on Monday night, how ever, and saw Sir Wilfrid Laurier.

No one has explained why Sir Wilfrid was in Toronto Tuesday. He appeared, however, to be in excellent health and spirits, and his secretary, Mr. Diguere, denied that any political meetings were being arranged for either in London or Toronto as had been reported.

Many vacancies still exist in the house of commons. There are vacancies in Nova Scotia, Prince Edward Island, New Brunswick, Ontario and Manitoba. how far past the military age limit of Mr. Rowell cared to enter Domition politics there would be no trouble in finding a seat for him. Indeed, it is said that either Mr. Gordon of Kent, or Mr. Clarke of Essex, would resign in his favor, and that the Dominion Gov ernment would permit an acclamation.

as lusty in volume. There were pinched, wan faces among them, and their thin bodies were clothed in all sort of costumes. They were not ragged garments, but of all varieties, there being one or two caps of a decidedly German cut. A large number of Red Cross helpers were in attendance, but were not wanted immediately, those who came off first being taken straight into a hospital train, alongside which were a large body of grimy Tilbury workers.

Those who were eager to get at least one word with these broken warriors had been enterprising enough to scramble upon the embankment on the

# TO MISS FRANCES TEMPLE

Major Pink presided at last night's meeting of the headquarters staff of the 220th York Rangers Overseas Battalion. Reports from the county indicate that recruiting is going shead, tho slowly, due in a measure to the unseasonable weather. The marriage of Lieut. J. B. Colley, 220th York Rangers, to Miss Frances, daughter of Dr. Temple of Warren road, was yesterday celebrated at Grace Church, the company forming a military guard of honor.

EARLSCOURT W.C.T.U. MEETING. The regular morthly meeting of the Earlscourt W.C.T.U. was held yesterday afternoon in Maltby's Hall, St. Clair and Boon avenues. President Mrs. Harcourt occupied the chair. It was decided to hold the annual garden party in June the proceeds to be devoted to the fund of the union, and future meetings of the branch will be held at the residence of Mrs. Wm. Pidgeon, 41 Nairn avenue Fifty members are now enrolled in Earlscourt branch.

RESOLUTION FAVORS UNION.

IRON ORE RECOVERS WILL BE MAIN FEATURE.

When the present tunneling being done in the iron ore deposits of the Nova Scotia Steel has been completed the company will be able to produce ore at a cost as low as (if not lower than) any of the large iron mining concerns across the border. The ore reserves are estimated in the billions of tons, and it is expected that normal market levels will mean a profit of \$1 a ton at least. If the general steel operations, coal mines and car works will provide funds for fixed charges and preferred dividend, it is believed profits from the iron ore department will amount to a handsome surplus for the common. The development of the iron ore department promises to be the main feature from now on.
