

ENDED A BAD CAREER AFTER WOUNDING TWO

William Smith, Colored, Slashed Own Wife and Another's With Razor

DRANK CARBOLIC ACID

Women Will Recover, But Man Died After Taking the Poison

After slashing his white wife across the back and arms with a razor and cutting the throat of a woman who tried to protect her, William Smith, colored, 45, years of age, Taylor street, ended his life at 5 o'clock Saturday morning by drinking a quantity of carbolic acid.

MONTREAL LIVE STOCK MEN

Chas. Mitchell, Joe Zeagman, W. A. Torrance, M. Dubrofsky, W. J. Shorter, Geo. Beals, W. D. Thompson, H. M. Lebinoff, Harry Talbot and J. D. Tansey. They all attended the recent Fat Stock Show at the Union Stock Yards.

By her husband, she screamed loudly for protection and coming to the door, the door of which was open, she dashed in and jumped behind a

table for safety. Smith went to the door and was met by Mrs. Gough who replied and received a deep gash in the throat. Returning to his wife's room he drank the contents of a small bottle of carbolic acid. Policeman 404 was called and had the women removed to the hospital in the police ambulance. Smith was not dead when found and was removed to the hospital in the patrol wagon, but he died thirty minutes after being admitted.

Not Serious Wound. The wound Mrs. Smith received stretched across the back and one arm and is not considered very serious. She sustained a number of minor injuries, the most serious being to Mrs. Gough's throat fortunately was not deep enough to cause death and it is thought that the two women will be able to leave the hospital in a few days.

Called the Police. The police from Vion avenue had to be called in as he left the house. He returned about 7:30 Saturday morning when his wife and her two children were asleep and broke open the door. Rushing into the room he threatened to take her life, and flourishing a razor, chased her around the room. She dodged out and jumped over the banister and he followed over the roof. He caught her as she was making out to the hall and slashed her across the back and arms with the razor. Freeing herself from his grip, she got thru the hole in the door he had made when he entered.

NORTHERN ONTARIO HAS GREAT FUTURE

British Columbia Mines Do Not Compare With Those Up North.

The profits of the Consolidated Mining and Smelting Company were under \$1,000,000 in 1915. This company owns the smelter at Trail, B.C., also the Le Roi, Centre Star and Eagle gold mines at Rosland, B.C. It also works silver lead mines at other points in British Columbia, including the St. Eugene, Sullivan, Molly Gibson, Richmond, Boreas, Silver King and Veau otheis. When the Rosland "boom" was at its height in the closing years of the past century most of these mines were considered favorably with a rate of \$2,000,000 per year during the boom, and the most important mine outside of Rosland, namely, the one which yields less than \$400,000 per year. It will be readily seen that these profits do not compare favorably with the much younger mines in northern Ontario. It is in fact highly probable that the Hollinger alone will in 1916 yield more gold than all the one and a half placer mines of the Pacific produce. It is not now being worked to over half its capacity. Then with sufficient development and equipment the Acme mine could exceed their present outputs by 300 per cent or more.

Prior to the discovery of gold in Ontario, the mining industry was largely confined to those of British Columbia and western Ontario. Now it is all over the world, the richest silver ore ever found in place, and what is in all probability the greatest of the world's gold fields, the greatest of no instance in all the world where different metals occur in large quantities in such close proximity to each other. From the geological point of view it marks the greater mineral possibilities of the old and dramaticly exclaiming, "Before God, I am innocent, and may God strike me dead if I ever harmed that child. This woman is jealous of me."

In his evidence on his own behalf Smith declared that he met his wife who he was living in Liverpool. She had then two children, and he married her. A few years ago he came to Toronto and saved enough money to send for her and the children and gave them a comfortable home. He said he treated the children as if they had been his own, supplying them with everything they needed as far as he was able.

Mrs. Smith swore that the child had complained that he had treated her as the children with every consideration, and said that if she had been married to a white man she might not have got as good a home.

Mrs. Smith had lived in different parts of the city and supported the children by working in a factory. Alice is now aged 12 and Mary is 10. They came to room 4, Taylor street, ago. Mrs. Smith said when her husband was sent to jail that she would rather bear the responsibility of supporting her children than have her husband living with them again.

SUPPORT WAR FUNDS. COBourg, Jan. 8.—At a meeting of ratepayers of Murray Township a resolution was unanimously carried, asking the 1916 council to levy a rate of one-half mill on the assessable property of the township for the Belgian relief fund, and that the township pay \$150 per month for the year to the patriotic fund. The representatives from Murray to the counties council of Northumberland and Durham were asked to support the resolution for the year to the patriotic fund. The counties council levy a rate of 1/16 mill over the counties for the patriotic fund.

TEAMSTER FALLS OFF WAGON. William J. Scott, 55 years of age, a teamster, fell from a wagon at Dundas and Bruce streets at 4:30 Saturday evening and sustained a nasty cut on the forehead. He was removed to the Western Hospital in the police ambulance.
