

MUCH ILLICIT LIQUOR TRAFFIC

Chief Slein of Brantford Says He Has Unearthed System.

Brantford, Ont., July 26.—(Special).—The local police have of late been showing a lot of activity in the matter of running to earth local bootleggers. Chief Slein stated this morning that he had learned this system under which the liquor is being brought surreptitiously to Brantford. The chief said: "They are having liquor shipped to this address and that address and the address knows nothing about it. They go to the freight shed, claim the stuff and remove it before any delivery is effected, and the only way to put a stop to that is to have the address, and him only, sign the bill of lading." Other deliveries, it is said, are being made by truck from outside points.

Sergt. Major Alfred Taylor, formerly of the Dufferin Rifles and the 215th Battalion, and a well-known local plumber, passed away at his home, 388 Colborne street, this morning. Four of his ten children served overseas.

FIGHT BY ELECTIONS, URGES HON. MR. KING

Ottawa, July 26.—(Special).—Hon. W. L. Mackenzie King has issued a statement advocating opposition to government candidates in by-elections pending, claiming that the government is agitating and should be holding a general election instead of by-elections. He will also address eight meetings in Ontario during August, making North York where he is nominated, his headquarters. In September he leaves for British Columbia and will hold a series of meetings in the four western provinces.

Paris, July 26.—The chamber of deputies voted confidence in the government today 420 against 182, after Premier Millerand had explained the Spa conference's decisions, discussed the Turkish, Syrian and German questions, and pledged France's aid to Poland, in consequence of the Bolsheviks having "replied with unusual impertinence to the ultimatum of Premier Lloyd George for an armistice."

TO DEFEND POLAND IF NO ARMISTICE

RAIN VISITS REGINA.

Regina, July 26.—Rain fell over the city and district tonight about 7.30 o'clock. While it did not last any time, it brought relief to suffering citizens and the country grain. Frost reports received from various points it would appear that the shower was fairly general throughout southern Saskatchewan.

CALGARY ALSO VISITED.

Calgary, Alta., July 26.—A light thunderstorm broke over the city this afternoon and brought with it a fall of rain which did much to cool off the citizens who have been sweating in extremely hot weather. There was also a light rain fall Monday evening. Crop conditions are excellent.

OUT FOR SMALL PROFITS.

Henry Claws says: "With respect to the general market, no one is winning very large profits at the moment, although the speculative are not lacking in opportunities. Railroad shares continue to be the favorites, but are handicapped by the money situation, which is still tense. The belief prevails that the Interstate Commerce Commission's decision relative to freight rates will be made public very shortly, and, according to report, this will treat the roads in a liberal manner."

FORTY-SEVEN MILL TAX RATE STRUCK

Mimico Town Council is Forced to Make Big Increase.

Mimico's tax rate for 1920 was struck at 47 mills on the dollar at a special meeting of the town council held on Monday evening. This is an increase of 12 mills over last year's rate, and is accounted for entirely by the increase in the cost of materials and of labor.

At the present time the municipality has no large undertakings under way. Mayor L. J. West points out that the financial condition of the town is very good, and that despite the stringency now ruling in the money market, as an instance of the increase, the case of the school expenditures demonstrates the situation very well. The general account of the school shows an increase of \$12,000 over last year, made up largely of raises in salaries. The debenture payment for school purposes has also increased \$52,784.

NO MOONSHINE IN MYSTERIOUS VALISE

Cops Thought Hot on Trail of Bootlegger—Contained Spikes.

That appearances are of times deceptive and that it is not always wise to judge the book by the cover was aptly illustrated in an incident which occurred at the Tpdormden bus line terminus, corner of Broadview and Danforth avenues, last evening during the rush hours.

While the homebound Todormdenites were boarding the bus after their day's labor, it was noticed that one of their number, a quietly dressed man of respectable appearance, was carrying an apparently rather heavy suitcase, which he deposited under his seat with more than ordinary care.

Were Too Officious.

Two gentlemen of a more than ordinarily observant turn of mind, and careful no doubt, for the sobriety of the Todormden residents, called the attention of the police on duty near by. The officers of the law ordered the man with the suitcase to leave the bus and open his bag for their inspection. So securely was the suitcase strapped and buckled that some considerable time was taken in opening it, the proceedings being watched with lively interest by a large crowd. When at length the case was opened it was found full to the brim of four-inch long spikes. The laugh which went up could be heard, it is stated, many blocks away, while the officious gentlemen and the officers of the law melted silently into the night.

IRISH WILL NOT COMPETE UNDER THE BRITISH FLAG

Brussels, Belgium, July 26.—After correspondence between the Olympiad committee and the British Olympic sports committee, the executive committee of the Olympic games has refused Ireland permission to participate in the seventh Olympiad as a separate nation.

The Irish athletes refused to compete under the British flag, and wrote the Olympic executive, stating that they would enter in a number of events if they were allowed individual standing. As Ireland had not been included in the list of nations represented on the international Olympic committee, the Belgian executive, facing a delicate situation, sought to gain Great Britain's consent, but failed.

FAIR AND SQUARE START TO FINISH

Visitors on Steam Yacht Victoria Delighted at Victory of Sir Thomas.

On Board Steam Yacht Victoria, July 26.—It is generally admitted that today's race was a triumph for the Shamrock. She won a fair and square race from start to finish, without stukes or accidents, and the victory is a tribute both to Skipper Burton, and Designer Nicholson.

The yacht behaved magnificently throughout, and, after passing the first mark, the result was never in doubt, always provided that the wind held sufficiently to allow Shamrock to finish within the time limit. She led Burton's except for a few minutes at the start, and Resolute never looked like catching up.

The progress of the race was watched with the most intense interest on board the Victoria. All on board British and Americans, alike, fervently hoped that the Shamrock would win, and a burst of cheering accompanied by the wild tooting of steam whistles on all sides from the dozens of excursion craft following in the wake of the racers saluted Shamrock IV, as she turned each mark.

The finish of the race was most exciting. Shamrock had had to concede a 7 minute 1 second handicap, and after she had crossed the line the spectators on the Victoria lined the rail, watches in hand, anxiously watching the defender speeding up from the rear in a last desperate effort to beat the challenger on time. It was a close thing, and when Designer Nicholson from bridge shouted out that the seven minutes had expired, and it was seen that Resolute was still short of the finish line, enthusiasm broke all bounds.

Sir Thomas, on the bridge, was surrounded by a swarm of his intimates shaking hands and clapping him on the back, while the other passengers on the deck below went to their feelings in a series of cheers, singing, shouting and dancing, while the excursionists on decks of steamers in the vicinity, no less pleased, megaphoned congratulations to the winner.

"Where will you keep the cup?" shouted one enthusiast.
