TIMES-TELEGRAPH

FUND NOW \$4,486

The Telegraph-Times fund for the relief of the great suffering which is the lot of tens of thousands of men and women and little ones, too, in San Francisco reached \$4,486.75.

The good work should be kept up for the need of money is great. One has but to read of the sufferings caused by the rain storm of Monday to realize to what fearful straits the people have been reduced. Your dollar or five dollars or whatever you can give will mean much more than can be realized by us who are living in the comfort of our homes. The St. John fund is growing well; keep it swelling. The following additional subscriptions are acknowledged:

WASHINGTON, April 25.—Forecast: Eastern States and Northern New York—Fair to clear, showers in south portion tonight, warmer, thundershowers, fresh west to south winds.

LATE LOCALS

The members of Union Lodge, No. 2, K. of P., are requested to meet in Castle Hall this evening at 8 o'clock.

The attention of the proper authorities is called to the condition of the wall of the DeBury property has fallen and completely blocked the sidewalk, and pedestrians are taken to the road to pass it. It has been in this state for a couple of days, without any light at night, and it is time it was attended to.

Steamer Calvin Austin, Captain Pike, arrived last night at 8.30, on her first trip of the season, with 54 passengers. The steamer looks her best, having been thoroughly overhauled and newly painted. The Steamer St. Croix has been handed off the route to receive repairs and a new coat of paint. After the 1st May, and before the 1st June, the Austin will probably be ready to go on the route after 1st July, the steamers to make five trips a week.

WILL MEET TONIGHT

Special Committee to Consider Charges of Mud Dumping in Harbor Will Start Work This Evening.

The special committee appointed to investigate the charges in connection with the dumping of mud in the harbor, will meet this evening at 7.30 o'clock. A number of witnesses have been summoned to attend and give evidence, and it is expected that some very important and interesting information will be elicited. Ald. McArthur is much interested in the matter and hopes to see it fully cleared up as soon as possible, and if any remedy is needed, to have it applied at once.

STREET IN BAD SHAPE

Many complaints are being received from teamsters about the condition of the street in the vicinity of the T. C. H. freight sheds. The street between the sheds is somewhat lower than Pond street and the heavy rains have made it a regular slough of mud and water. As teamsters have to use this driveway in hauling heavy loads to and from the sheds, it should be put in good condition as soon as possible. The sidewalk going into the depot from the southern side also needs attention, as on wet days the rain water completely floods it owing to a depression in the walk.

CHILDREN'S CONCERT

The children's concert to be given this evening at Mission church school room, Paradise Row, should be largely attended. The entire programme was carefully rehearsed yesterday and the little ones performed in a highly creditable manner. The programme includes the following: Dance—Grace Mosher and Gladys Heist; Chorus—"He, She, It." Four tableaux illustrating "Red Riding Hood," two of "Sleeping Beauty" and one of "Little Miss Muffet." Piano Duets—"Gilbert Brown" and "Good Night"—Grace Mosher. Wm. H. Bourke of St. Martins returned home today. Col. J. J. Tucker returned from Ottawa on the Atlantic express today.

A GOOD SHOW FOR A WORTHY CAUSE

Won't Last to be Produced Tonight by Amateurs.

Have you secured your seats for the performance of the splendid drama Won't Last to be given at the Opera House tonight, by the Amateur Dramatic Club, for the benefit of the San Francisco sufferers? If you have not yet secured them, as soon as you have finished this article, ring up the Opera House box office and secure your seats, if you can't go yourself send someone else, at any rate get the tickets. The entire gross proceeds go to the sufferers' fund—any minor expenses will be borne by the club members. The City Cornet Band will assist the club by playing a choice selection of music between the acts, and Harrison's Orchestra have also volunteered to assist. To Opera House together with advertising, lights and tickets, is given to the club free. The Opera House attaches are also offering their service free, therefore every cent of the net proceeds will be turned over to the Frisco fund. When St. John in 1877 needed money San Francisco, like other cities, responded nobly, and it was then very little larger than St. John is now. Now it is St. John's turn, and for the sake of your city as well as yourself you should see that St. John makes a creditable showing with her fund. The price of admission is twenty-five cents for unreserved seats and fifty cents for reserved seats, and considering the programme offered and the object, the programme is for a house crowded to the doors should be the result, especially as St. John will not have any professional companies for several weeks.

P. E. ISLANDER TOOK POISON

Robert Coffin Drank Carbolic Acid and Died in Two Hours.

CHARLOTTETOWN, P. E. I., April 25 (Special)—In the presence of his wife and her mother, Robert Coffin, aged twenty-five, a clerk at Morrell's, deliberately drank carbolic acid, which he had used for, presumably to scrub the bedroom. He died half an hour later. He was in good health physically, but the illness of his wife had unsettled his mind.

WILL BE A SUCCESS

Empire Club's Entertainment in West End on Friday Evening in Aid of Frisco Funds.

Friday evening's entertainment by the Empire Dramatic Club at Carleton City Hall, for the benefit of the San Francisco sufferers, bids fair to do the most successful that the club has given this season. The double comedy bill, A Christmas Chime and The Boston Dip, is being carefully rehearsed and a good, smooth production is expected. This, together with the concert numbers by local talent, will make an excellent entertainment, and the amateurs should be greeted by a crowded house.

WV ANGEFUL FATHER SATISFIED HIMSELF

GROESBACH, Texas, April 25.—While being conveyed to jail in the custody of two officers a negro who, it is alleged, assaulted the daughter of J. A. Eastland, a farmer of Delta, at an early hour yesterday morning, was taken from the officers by a posse of citizens and held until the arrival of the girl's father.

CROSSLEY-HUNTER

Crossley & Hunter recently held a wonderful union revival campaign in Barrie. The large church was too small to accommodate the crowds, and double-hall meetings were frequently held in two churches. Eleven hundred professed conversions, including many past 50 years of age, two aldermen, business men and a host of young men. Swearing and drinking in the town were largely "cut out," as also dancing and card playing by the explosive power of a new affection. The evangelists are now in the city of Brantford, where hundreds are enlisting.
