MADE IN ST. JOHN A Striking Exhibit in The Windows of T. McAvity & Sons

While the slogan "Made in Canada" sounds good these days "Made in St. John" should appeal even more strongly to all patriotic citizens. On this account the big display windows of the King street stores of T. McAvity & Sons, Ltd. have an unusual attraction for passers-by at present.

One window shows a variety of iron body globe and gate valves; another is filled with locomotive mountings; the third contains brass valves, globes, angle and check, and another window has a showing of ship pumps. In addition there are many other articles showing the diversity of the products of the local concern, although their line is not fully represented. The big industry which has been built up in St. John now caters to a market almost as wide as the dominion and goods bearing the name of T. McAvity & Sons will be found in almost every part of Canada.

MATTERS IN INDIA

Delhi, India via London, March 19.—Sir Reginald Henry Craddock, member of the viceroy's council, has made the declaration that it was necessary to arm the military authorities with special powers to act in emergencies and nip in the bud any and all manifestations of lawlessness. This statement was made in connection with the introduction of the measure of Indian bill to the governor-general's council.

Continuing, Sir Reginald alluded to the "campaign engineers" on the Pacific coast of America, whence some 200,000 men had returned during the past few months with their minds poisoned, and had committed acts of violence in Bengal.

Seditious activity was breaking out afresh, the speaker declared, but the looting in the Western Punjab he declared to be largely due to economic causes, and the same was true of the Hindus and Mohammedans, the danger, he said, was only serious if not checked promptly.

She Kept Them A long-drawn out agonizing scream rang out from the nursery. Mother rushed upstairs to the scene of the tragedy with vivid thoughts of burnt children buzzing through her brain.

She heaved a sigh of relief when she discovered nothing more exciting than her eldest boy endeavoring to take all his marbles away from his baby sister. "Don't be so selfish," she admonished. "Let baby play with some marbles as well."

"But she wants to keep them," said her boy. "In sure she doesn't," returned the mother. "Whatever makes you think that?"

"Boo-hoo," howled the boy, "I know the does; she swallowed three already."

"I want to be procrastinated at de nex' corner," said the negro passenger. "You want to be what?" demanded the conductor. "Don't lose your temper. I had to look in de dictionary myself befo' I found out de 'procrastinate' meaned 'put off'."

WAS GABRIEL BISHARA

In reference elsewhere to a Syrian joining the ranks of Canadians in the king's uniform, the name should read Gabriel Bishara, not Charles. He enlisted in the 25th Battalion in Yarmouth, where he formerly kept a store. This he presented to his nephew, Joseph Bishara, and joined the colors. He had since coming to St. John a few days ago been the guest of his brother, George Bishara and his family at 73 Erin street. He was given a hearty farewell last evening on his departure for Halifax where he is stationed, by his fellow members of the S. F. A. The vice and drum band of the 26th Battalion under Director Stokes, played several selections.
