Excellent Folk Song Program Given In Knox Church Hall By Charlotte Co. Performers

Under the auspices of the Young People's Society of Knox Presbyterian Church, the Charlotte County Performers gave their very attractive program of costume folk songs and dances in the church hall last evening under the direction of Miss G. Helen Mowat.

Miss Gibbs, president of the Young People's Society, was chairman and introduced Miss Mowat. The program was similar to that given recently before the Saint John Art Club, but was seen to much greater advantage from the high stage of the Knox Church Hall.

THE PROGRAM
The program was divided into four parts. In the first were group songs that were sung as an accompaniment to work, "The Song of the Scythe," "Country Life is Sweet," during the singing of which the singers threw their balls of yarn in time with the action of the shuttle. "Come Lassies and Lads" was then sung as the accompaniment of a country dance. During the intermission while home made

candy was sold the fiddlers played old time tunes that were a specially popular part of the program.

In the next group were sung the Lumberman's Alphabet and a native folk song of the lumber woods. Miss Mowat told of the ability of the men in the lumbercamps in the old days to memorize long poems and recite them. Boyd Merrill by way of illustration recited the Indian legend concerning Grand Falls. This poem was not written by C. G. D. Roberts but is an older one which tells the same story. As encores Mr. Merrill gave the recitation of a poem and sang a comic song.

A group of English folk songs was included in the program and among these was the Autumn song during which the singers tossed red berries and evergreen to the delighted audience. Mr. McKinney, the soloist, sang the French Four once again and was one of the prime favorites with the audience. The program closed with the singing of the very beautiful "Evening Song."

Miss Mowat's party on this occasion consisted of four dancers and two fiddlers.

City. She expects to be away about two months and received a hearty send-off by a large number of friends who assembled at the depot on Saturday.

What will you have to show in future years for today's shopping dollars?

A JEWELRY PURCHASE IS AN INVESTMENT IN PERMANENT VALUES

THE old copy-books of our school days declared that you can't eat your cake and have it.

Which is another way of saying that you can't spend your money, and keep it too!

But the copy-book editors overlooked the money spent at the jewelry store.

On the typical purchase from the jeweler, you draw an income of pleasure and satisfaction, year after year, while still retaining much of

the principal, in easily convertible value.

For the shopping dollars entrusted to the jeweler are not spent, but invested, in a permanent addition to your estate.

Value-wise shoppers today think twice before they barter their purses for short-lived baubles. For they know that even for the modest pocket book the jeweler's stock is rich in articles, both of utility and adornment, that will last through a lifetime.

Building up a line of jewelry means building up a heritage for the decades; quick asset possessions that are a tangible and enduring evidence of one's success and achievement.

Fletcher's CASTORIA

The Young Mother.

The ills of infants and children should be so well known to the young mothers that a reminder or a repetition of the symptoms of illness seems unnecessary, yet there are some mothers who overlook a feverish condition, a little colic, or a disposition to be irritable. If not corrected they may lead to serious sickness. And to correct them, to bring Baby back to his happy self, is so easy by the use of Castoria—a medicine prepared just for infants and children. It will regulate the bowels (not force them), aid digestion and so bring quiet and rest.

Fletcher's Castoria has been doing this for over 30 years; regulating the stomach and bowels of infants and children. It has replaced the nauseating Castor Oil, so-called Soothing Syrup, poisonous Paregoric and other vicious concoctions in the homes of true and honest mothers—mothers who love their children.

Those mothers will give their babies foods and medicines especially prepared for infants and children.

To avoid imitations always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.
