The meeting of the Maritime United Baptist Women's Missionary Union was brought to a close yesterday afternoon with a discussion of an educational nature along the lines of mission bands and work among young people.

The St. John delegates to the seventh annual convention of the Congregational Union of New Brunswick and Nova Scotia, which opened today in Yarmouth, are J. W. Flewelling and Mrs. Flewelling, Mrs. C. H. Flewelling, Miss Bernice Flewelling and Mrs. Yearwood.

The garden party which was held on the grounds of the Mount Carmel Convent, was very successful. The party was held by the parishioners of Holy Trinity church, and more than 500 attended. About sixty girl orphans of St. Vincent's Convent were guests at the party. Mrs. Richard Sullivan was general convenor.

Fire which broke out in A. Wheaton's shed, Water street, West St. John, yesterday afternoon did considerable damage before the firemen got it completely under control. Mr. Wheaton's loss is estimated at about \$5,000, while an adjoining shed, the property of George Hampton was also destroyed. A quantity of fish stored in the latter shed and valued at about \$800, the property of William McCallum, was also destroyed.

The brush fire which broke out on the outskirts of the city beyond Millidge avenue about two o'clock yesterday afternoon was extinguished by the fire department about seven o'clock last evening. Owing to the lack of water pressure the department had to work under difficulties. Another brush fire at Pokiak was quickly put out. Smith's saw mill, Golden Grove, burned to the ground on Monday night. Fires at various other parts of the province are reported.

HOPKINS ESTATE \$1,599,895
Cosmetic Manufacturer Left Entire Property to Family.

Somers, July 6.—The estate of Ferdinand T. Hopkins, who made a fortune in cosmetics, has been appraised at \$1,599,895. Besides stock in his business in Manhattan, the estate consisted of property in Somers and on Lexington avenue, Manhattan, and various securities. The estate will yield a tax of nearly \$500,000 to the state. The entire property was left to the testator's wife and children. The appraiser's report has been filed with Surrogate George Slater of Port Chester.

MEYER LONDON ASKS AMNESTY FOR ALL WAR LAW VIOLATORS
Washington, July 6.—A plea for general amnesty for persons convicted of violation of wartime laws was made in the house last week by Representative Meyer London, Socialist, of New York, who declared that "it took more courage to be a Socialist during the war than to be a Democrat or Republican to be one of the gang."

Mr. London said he did not insist that amnesty at this time be granted to military deserters. Their cases, he said, could be considered later. He referred to Eugene V. Debs as "an idealist, dreamer, and a lover of men."

SIX MEN OF ZION DISAGREE IN TEST OF MODERATE DRESS LAW
Zion, Ill., July 6.—Six men of Zion, members of Overbrook Wilbur Glenn Voliva's congregation, inspected the evidence in the first case brought for violation of Zion's new moderate dress law and failed to agree.

Mrs. Sarah Johnson, aged twenty-one, of Winthrop Harbor, Ill., appeared in court wearing the same low neck, short sleeve, transparent blouse which led to her arrest two weeks ago for triple violation of the dress law, but after a careful appraisal of the evidence two of the jurors held out for acquittal.

Judge W. Z. Schmittius granted the motion of the prosecutor for a new trial.

DISRUPTED BY FOUR CENT.

Gift of Penny to Each of Children
Landed Divorce.

Chicago, Ill., July 6.—A quarrel over
four cents brought about the domestic
disruption that caused Mrs. Carl
Barak to start litigation that ended in
her being granted a divorce by Judge
Sabath.

Their troubles started eight years
ago, according to her testimony, be-
cause she had given a penny to each of
their four children.

INDIANS IMPEDE TAKING OF CENSUS

Police Required at St. Regis
Reserve—Two Offenders
in Court.

Conwall, July 6.—Francis Tallon
Indian agent on the St. Regis Reservation,
was compelled to appeal to Ot-
tawa for assistance in securing the cen-
sus, information on the Reservation, and
Officers S. M. Robertson, A. Grignon,
R. J. Heaney and J. McVeigh were sent
down. Joe Jocko and Mitchell Thompson
were arrested on a charge of refus-
ing information to the enumerator. In
the police court Magistrate Chene found
them guilty, but suspended sentence for
a week, and in the meantime if Mr.
Tallon meets with any opposition from
any source the men will be brought back
for sentence.

In a couple of instances the Royal
Canadian Mounted Police had revolvers
thrust at them by Indians, and the
magistrate made it plain that no resis-
tance on the reservation had a right to
have a revolver without a permit, and
ordered all owners of such to bring
them to court next week, when he
would determine what would be done.
Dozens of Indians and squaws were
in court and the whole proceedings
were interrupted by them by Michael
Solomon, a clever young Indian, who is
a graduate of Carleton University.
The magistrate ordered all Indians
present who had not given Mr. Tallon
their "pedigree" to do so before they
left the building. The enumerator has
completed the recording of over 900
names and has yet some 300 old to look
after. He was assured that he would
be given every assistance in his work
in future.

Bush fires in northern Ontario have

has reached a maximum of 103, with
many forest fires burning. In Quebec,
forest fires are raging through the St.

COATS OFF IN CHURCH.

Toronto Pastor Permitted Men to Re-
move Jackets.

Toronto, July 6.—Rev. P. MacDonald
of St. Paul's Presbyterian church made
an announcement on Sunday morning
that was like a polar breeze to his per-
petrating congregation.
The question has been raised at the
assembly, said Dr. MacDonald, about
the propriety of those in attendance re-
moving their coats, and the moderator
had ruled that there was no ecclesiasti-
cal law against such a practice. Mr.
MacDonald said he was not speaking in
any humorous vein when he wished to
point out to the congregation that the
men could remove their coats during
the service with the full approval of the
pulpit.

Immediately after the offering one of
the officials of the church set the ex-
ample by removing his coat. He wished
to shake hands with members as they leave
the church at the close of the service,
and this he did in his shirt sleeves.

The Sire—Young man, I demand to
know your intentions toward the cook.
The Son—Oh, just kidding her a little,
that's all.
The Sire—All right. Flirt with her
and keep her contented, but don't you
dare to marry her and take her away
from us.

How Much Does a Good Watch Cost?

THE automobile has been
instrumental in teaching
us to figure costs.

The purchase price—plus the upkeep—
divided by the years of service—gives
you the actual cost.

On that basis a good watch is the cheap-
est thing of value that you can own. A
good watch is a necessity and will last a
lifetime.

Our stock is ample for all needs.
