**Every Woman Needs  
IRON at Times**

If women would only take Nuxated Iron when they feel weak, run-down, tired out—when they are pale, nervous and haggard—there are thousands who might readily build up their red corpuscles, become checked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A two weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. All good druggists.

**Woman Discusses Labor Problems**

Miss Mary McArthur, Who Will Visit Boston, Tells of Reconstruction Methods Now Employed in Great Britain

New York, May 6—Miss Mary McArthur, secretary of the British Women's Trade Union League of Great Britain, who recently arrived in New York city, is giving the organized working women of this country the benefit of the experience which the British working women have had during the war, and explaining their present status.

Miss McArthur makes it plain that she has not come to America with any sort of propaganda. She did not come here to work, or even to talk, but she has found women so eager for information that it was impossible for her to refuse to confer with them about the labor problems which are now dominant on both sides of the Atlantic. Probably there is no one better fitted to talk on the subject than Miss McArthur, for she has been secretary of the British Women's Trade Union League for many years and was a labor candidate for parliament at the last general election, running second highest among the several women candidates. In private life she is Mrs. W. C. Anderson. Her husband was a labor member of parliament and one of the ablest and most trusted members of the Independent Labor Party.

In England, the organized working women are 700,000 strong. Moreover, they are politically active, and intend to share with men the election of a labor government. This they are sure is coming in the not distant future. Miss McArthur, while not wishing to criticize the stand of labor in this country, or to intrude her opinion, cannot see how labor can work out its problems successfully without participating in politics.

In England, said Miss McArthur, the women who worked while the men were fighting, are giving up their jobs to those who return. That was what the government had promised, and the women will not stand in the way of the government keeping its covenants. As to how nearly it is possible to return to pre-war conditions, as was planned, Miss McArthur says it is difficult to determine, but the present policy of the women is "hands off" while the government tries

to do what it promised to do, or at least find a quid pro quo.

Another thing that the English women are not clamoring for, contrary to belief, is "equal pay with men for equal work." What they are asking is that one who operates a machine shall get a fixed price, whether a man or woman, and that a certain price shall be paid for piece work, regardless of the sex of the worker. But this does not mean that a woman will make as much in a day as a man. By showing that women cannot make as much in certain kinds of work, there will probably result the weeding out of women from certain lines, and their employment in others where they will not compete with men to the detriment of either.

**G. W. V. A. MEETING**

It was doubtless the first time in the history of the G. W. V. A. in Canada that a nursing sister presided over a meeting of the veterans, when last evening at the regular meeting of the local branch of the association Matron Edith Hegan was called to the chair to open the meeting. Matron Hegan is second vice-president of the association here.

However, owing to the fact that the meeting lasted for a considerable time Matron Hegan was compelled to vacate the chair and it was then taken over by C. F. Sanford. There was much routine business before the meeting and about which there was heated discussion on matters pertaining solely to the G. W. V. A.

It was therefore decided to say nothing publicly. It was decided to hold a social and smoker. Arrangements are already underway and it is expected there will be a large attendance of members in the local rooms.

C. F. Sanford, O. J. Lawson, F. C. Wilson, J. J. Barbour, Harry Allingham and Leo P. Duffy were elected to represent the local association at the provincial convention of the G. W. V. A. to be held here on May 11.

The association went on record as being strongly in favor of extending a hearty welcome to the soldiers who will arrive here as units. The local veterans will form a guard of honor and will offer all assistance to the committee in extending a warm home-coming to the returning soldiers.

**CAPITAL AND LABOR.**

The Editor, Montreal Star: Sir,—There is no problem quite so vital, especially at this time as the adjustment of the rights and privileges and opportunities of capital and labor.

There must be an understanding and a mutually respectful partnership—joint workers for the improved social conditions in this country.

Capital can and must help labor to get more out of life, and "more" does not necessarily mean higher wages, but a closer co-operation and co-ordination. On the other hand, if labor would only see themselves as individuals and not as members of a "class," if they would only concentrate a little more on their opportunities and less on their rights—a greater appreciation, a better understanding and the achievement of industrial peace and harmony would be obtained. R. TODD.

**Y.M.C.A.'s Good Service**

**CANADIAN Y.M.C.A.** Help Continue Work for Soldiers and for Canada. **CANADIAN Y.M.C.A.**

"I believe," said Lieut.-General Sir Arthur Currie one day in March, 1918, while the fate of the world was trembling in the balance, "that the authorities should recognize the extremely valuable factor the Y.M.C.A. is in winning battles, and I think you ought to have the personnel and equipment necessary to carry on your work. . . . I do not see how, with the men and materials you have, you can do more than you are doing. But if you can, do so. We need it and appreciate it."

Every public institution is rightfully subject to criticism. The Young Men's Christian Association is no exception. The very magnitude of the Y.M.C.A.'s work for the soldiers brought it under the white light of criticism. But its record of four and a half years has not been successfully assailed.

For every dollar of gross profits made in Y.M.C.A. canteens it was necessary to raise a dollar and a half by public subscription to meet the total expenses of the Overseas services. It will be seen therefore, that absolutely all profits were absorbed in the cost of the service to the soldiers.

The policy of the Y.M.C.A. in its war work was primarily free service, not free supplies, but nevertheless, since December 31st, 1916, soldiers in the Canadian Corps area in France, Belgium and Germany were supplied tea, coffee, cocoa, orangeade and lemonade at the "Y" free. Also cigarettes, chocolate, biscuits, etc. were given free to walking wounded, stretcher bearers, and working parties in cases of emergency. In addition 5% of the sales was distributed among units in the war zone to be spent on extra rations, comforts, etc. for the men. Supplies and cash given away during 1918 amounted to \$299,650.28.

The prices charged in the Y.M.C.A. canteens were fixed by the British War office and were the same as those charged throughout the British Army. These prices were fixed for the protection of the soldiers, and were from 50% to 100% lower than prevailing prices in overseas civilian stores. They were also as low or lower than retail prices in Canada.

Remember these facts when Y.M.C.A. canvassers wait upon you for your subscription to the Red Triangle Fund to-day. The Y.M.C.A. Service to soldiers will be maintained until Demobilization is complete—if you will be generous to-day.

Help the Y.M.C.A.'s work for Canada's returning soldiers. Help the Y.M.C.A. extend Red Triangle Service to our Industrial workers, and to men and boys of rural Canada.

Help the Y.M.C.A.'s extension of the work for Canada's 300,000 'teen-age boys. Help the Y.M.C.A. construct the men who will reconstruct Canada.

Help the Dominion Council, Young Women's Christian Association care for wives and children of our soldiers on the journey to Canada from overseas. Help the Y.W.C.A. extend its service for Canadian women and girls.
