

others have decreased. May a baptism of revival influence come upon us all.

We are now and again enlarging our borders, by taking in fresh mission ground: several new missions have of late been entered upon, where the gospel is needed; and we have more calls from distant places than we can supply. Had we a number of suitable young men, and a stronger fund, we could do much more in the mission work.

We need your sympathy and aid as much as ever we did. Without your mission grant for Canada, we could not possibly maintain our ground. There is hope that several of our mission stations will ere long become self-supporting: but when that is the case, other inviting fields of labour will still be sending pressing calls for help.

The Jubilee of our beloved connexion has been brought before our churches and congregations: in many places it found a hearty response; while an opportunity was offered of making known more fully the history, progress, and constitution of the Body.

Our earnest wish is, that you will continue to stretch out to us a liberally helping hand; and at the same time let us have an interest in your prayers, that we may be preserved in the right path, that we may be enabled to maintain our sympathy and fervour before God, and that we may also abundantly increase in usefulness, to the honour of his great name. Amen.

Dear Fathers and Brethren,

We are yours affectionately,

ROBERT BOYLE, President.

JONATHAN MILNER, Secretary.
