#### Conservatives Insist That Agents Must Be Sent to Different Parishes on Election Day.

In spite of all efforts of the Liberal Executive to carry through an agreement to conduct the election on a parity basis, the Conservative Executive will not agree to what is undoubtedly the most important feature of the agreement. The following correspondence will give the voters of this county an idea of how the matter stands:

St. Stephen, N. B., Saturday Oct. 3rd, at 5 o'clock.

To the Purity Election Committee of Conservative Executive.

Gentlemen: We beg leave to acknowledge receipt of your letter with resolutions attached, dated October 2nd, 1908 and received by us at one o'clock October 3rd, 1908.

Some weeks ago, Mr. W. F. Todd, the Liberal candidate, approached Mr. G. W. Ganong, the Conservative candidate, in regard to the matter of conducting a pure election. As a result of the conversation of these two gentlemen the matter was brought before the executive committee of the Liberal and Conservative Associations of the County at their respective meetings held on Wednesday afternoon last, each executive committee passed resolutions in favor of conducting a pure election, and the Conservative Executive appointed you a committee to discuss the matter with the committee appointed by the Liberal Executive.

You met with us at the Liberal Club rooms on Wednesday afternoon and we brought to your attention specific instances of where the election law had already been broken in this County in this election by Conservative workers. You stated that you had no knowledge of these matters and promised to look into them. Before adjourning you requested us to prepare an agreement on purity and submit same at our next meeting to be held the following day. In accordance with your request we prepared a form of agreement which complied with the resolutions of our County Executive Committee. The following morning we met you again, and again in the afternoon and the whole matter was thoroughly thrashed out by all of us. After a thorough discussion we were in agreement on every section of the agreement as submitted by us with the exception of the following clause, namely:

"In order to further the end and purposes for which this agreement is made we also agree that no agents shall be appointed for election day to act at any polling place other than the polling place where he is at this date registered as a voter, and that no person other than an agent shall be sent by either party for the purpose of working in the interests of either party on election day to any polling place other than the polling place where he is at this date registered as a voter."

Our County Executive Committee by resolution instructed us to put such clause in an agreement which might be signed, the reason given for this by the various members of the County Executive Committee, was that each polling district had capable men enough in each party to look after the interests of the respective candidates; and also that in past elections it was the agents on both sides who had violated the election law relating to purity. You stated to us that you could not accept the above clause regarding agents without consulting with Mr.

Ganong and with the members of your Executive Committee. This was agreed to and the meeting was adjourned until Thursday evening at nine o'clock for the purpose of giving you a chance to hold such consultation. We met at nine o'clock that evening and you stated that you were unable to give us the answer whether you would accept this clause or not. We again adjourned to give you further time. We heard nothing from you on Friday and nothing at all until Mr. Henry F. Todd of our committee, got in touch with Mr. A. I. Teed of your committee this morning and asked for an answer, when we were informed that you would meet us about ten o'clock this morning. No meeting was held and at one o'clock we received your counter proposition.

You state in your letter that you called a meeting of some of your conservative workers in St. Stephen and Milltown and submitted the proposed agreement to them and that the agreement was accepted by them with the exception of the clause regarding agents, above set out.

We feel that everything possible should be done by both parties to put this agreement through. We drafted an agreement which contained the views of our County Executive committee and of any fault can be found with it it must be because it erred on the side of severity. We do not believe that this matter should fall through because two or three of your conservative workers in St. Stephen and Milltown are opposed to this clause regarding agents.

Our County Executive committee feel that said clause is essential for the carrying out of a pure election in this county and that the voters of this county on seeing such a clause in the agreement will have additional reason to believe that such agreement will be strictly adhered to.

As stated to you by us at our several meetings we believe that the agreement should be signed at once because we have had information that men have been already working in the interests of the conservative candidate and in violation of the election law.

As our last two adjournments were for the purpose of giving you time to consult Mr. Ganong and the members of your Executive committee in order that you could let us know whether you would accept said section or not we must respectfully ask that you notify us before eight o'clock this evening whether you are willing to accept said clause or not. If we do not receive an answer before said hour we will feel it our duty to regretfully notify our county Executive committee that we are unable to come to an agreement in this matter.

Yours truly,

ing to agents in the original draft of the agreement. This is submitted for your consideration to see if some satisfactory agreement cannot be arrived at between us in accordance with ours. It might be that you would call your Town Committees together and submit the matter to them to see if our suggestions would meet with their approval, and then if necessary submit the whole matter to your Executive committee to see if this agent section of the agreement can not be made satisfactory to both of us. We believe it can be. Our committee and the members of our party want this election run entirely in accordance with the Election Act and we hope that no slight differences between us will be the means of throwing down the Purity movement.

Yours very truly,  
JOHN D. CHIPMAN  
J. EDWIN GANONG

Resolved (A) That the committee accept the provisions of the agreement submitted by the Purity committee of the Liberal party, except that in the opinion of this meeting it is not desirable to withdraw from the Executive of either party the privilege conferred by the Election Law of appointing agents from one polling place to act elsewhere than in the place where they may be registered, but while insisting that the appointment of such agents be permitted we submit that such restriction be placed around such agent sent forth that no violation of the Election Law or of the agreement as drafted shall be possible, and we recommend that this modification of the agreement be made.

Resolved (B) That each party of this agreement will send none but authorized agents of the candidates to the different polling divisions on Election Day, and agree that all Agents that may be appointed to act elsewhere than in the place where they are Registered Voters shall subscribe to a declaration to act strictly in accordance with the Election Law.

"We have been twelve years in office. Twelve years is not a very long period in the history of Canada, but these twelve years will count in the life of this nation. As everybody knows, those twelve years have been years of unexampled prosperity in the history of Canada. When we took office in 1896, Canada was a small colony, but today, after twelve years of office, Canada has become a new star to which is directed the gaze of the whole civilized world. That is what we have done."

"Do you want to go back to the old days of 1896, to the reign of the lean kine, or do you want to remain in the reign of the fat kine?"

"Do you want to go back to Mr. Foster and his deficits, or do you want Mr. Fielding and his surpluses? This is the question for you."

"We want to give you an honest government. We have given you an honest government and we intend to do so to the last."

### CATARRH OF STOMACH RELIEVED BY PERUNA

Mde. JOSEPH BEAUDOIN.

Mde. Joseph Beaudoin, 60 Rue St. Olivier, Quebec, P. Q., Can., writes: "Peruna is wonderful for indigestion. I eat whatever I want and no longer feel any oppression."

"Having had dyspepsia for a long time and having tried various other remedies, I decided to try Peruna and with the fourth bottle of it I was perfectly cured."

"For this reason I recommend it to all those who are suffering with that terrible malady, dyspepsia."

"I hope that all who are afflicted in this way will take Peruna as I did." The experience of Mde. Beaudoin ought to be sufficient proof to any one of the value of Peruna in cases of catarrhal dyspepsia. If you suffer from stomach catarrh in any of its various forms, give Peruna a fair trial, avoiding in diet all such indiscretions as in diet as would tend to retard a cure, and you will soon be rewarded by a normal appetite and healthy digestion.

### SHERWOOD-CAMPBELL

A very pretty wedding took place at eight o'clock Wednesday evening, at the home of Mrs. William Campbell, when her daughter, Miss Josephine was united in marriage to Mr. Manfred Sherwood. The couple were unattended, and the ceremony which was performed by Rev. E. Thorpe, was witnessed by relatives and immediate friends. The rooms were prettily decorated with ferns, flowers and potted plants. The bride wore a pretty costume of cream crepe de chene, trimmed with lace and ribbon. After congratulations and supper, the happy couple left for their home in Second Falls. The bride's travelling suit was of brown broadcloth with hat to match. The presents, which testified to the popularity of both bride and groom, were many and beautiful.
