From Hon. J. M Gregory, Superintendent of Public Instruction, Michigan.
Office of Supt. of Public Instruction, Lansing, June 30, 1859.
Messrs. G. & C. MERRIAM,
Gentlemen:
I know not how to express my gratification with the valuable and beautiful features added to the great national work, Webster's Quarto Dictionary.—They render it if possible still more worthy of the proud place it occupies as the standard dictionary of our good English language. I say standard, for while a few scholars and others here and there, prefer other Diction-Webster's is beyond dispute the book of the people, the common standard of appeal among the great masses, learned and unlearned, in our land. Nor need this be regretted, so long as its publishers take such unwearied pains to keep it abreast with every improvement made in the language. I can only express my very sincere hope that you may be fully rewarded for the good work you are doing in the cause of sound learning.
With considerations of high respect,
I remain, gentlemen, Yours truly,
J. M. GREGORY.

MRS. WINSLOW,

An experienced nurse and Female Physician, presents to the attention of mothers, her
SOOTHING SYRUP,
For Children Teething,
which greatly facilitates the process of teething, by softening the gums, reducing all inflamation; will allay all pain and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
Relief and Health to your Infants.
We have put up and sold this article for over ten years, and can say in confidence and truth of it what we have never been able to say of any other medicine—Never has it failed in a single instance, to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years' experience, and pledge our reputation and medical virtues. We speak in this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the most experienced and skilful nurses in New England, and has been used with never failing success in THOUSANDS OF CASES.
It will not only relieve the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysenterry and Diarhœa in children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York is on the outside wrapper.
Sold by Druggists throughout the world. Principal office, 13 Cedar St., New-York.
