JERSEY CITY DRIVERS BALK SETTLEMENT

New York Strikers Will Be Kept From Work By Action Of Brother Workmen Across The River.

New York, N. Y., Nov. 11.—The striking express drivers and helpers of Jersey City nullified today the agreement reached early this morning between the New York strikers and the five transcontinental companies. That agreement was conditioned on the consent of the Jersey men to return to work and this they have refused.

When the decision of the Jersey men became known to the brotherhood officials on this side of the Hudson, General Organizer Ashton called on Mayor Gaynor. At the end of the conference, which was brief, Mr. Ashton had nothing to say, but Mayor Gaynor expressed himself succinctly: "They can reject the agreement if they want to," he said. "But I beg to say that a committee of their own choice came to me voluntarily with no request of mine, and made an honorable agreement. If the men reject that honorable agreement, I shall be glad to have the express wagons can be run without their help, even if we have to man every one of them with policemen."

In the present confused state of the strike, Judge Cox in the United States circuit court, decided today that all express wagons may be run in this city under the conditions that have hitherto obtained—that is, without municipal licenses—until the status of a driver in charge of interstate express matter with reference to a municipal ordinance has been fixed.

MCCURDY SEA FLIGHT TODAY

Canadian Aviator Hopes To Make Successful Test Of Carrying Mail From Steamer 50 Miles Out.

New York, Nov. 11.—Fair weather having been promised for tomorrow, preparations went actively forward today for I. A. D. McCurdy's proposed flight to Governor's Island from the deck of the Hamburg-American liner Pennsylvania, fifty miles out at sea. The Pennsylvania will sail at noon, and the flight is to begin about three o'clock.

McCurdy will carry a special mail pouch, filled with letters written on light weight paper. He takes off to the plane from a runway 85 feet long, extending over the stern of the ship. In the first 70 feet, the platform declines 10 per cent, and in the last ten feet 50 per cent. The steamer will be backed into the wind and Glen H. Curtiss, for whom McCurdy flies, said today that he believed the buoyancy of the air under the forward deflector as the aeroplane runs down the glide-way, aided by the lift of the wind, as the ship backs into it, will insure a successful launching.

BRITISH CAMPAIGN BEGINS; W. M. AITKEN OFFERED SEAT

Former New Brunswick Man May Contest North Cumberland for Unionist Party.

Premier Asquith in Conference With King Makes No Announcement of date of Elections.

Special cable to The Standard. London, Nov. 11.—W. M. Aitken of Montreal and a native of New Brunswick has been offered the Unionist candidacy in North Cumberland and there are good reasons for believing that he will accept. Mr. Aitken is acting under the guidance of H. Bonar Law.

The North Cumberland constituency is now represented by the Hon. Geoffrey Howard, a Liberal, and the son of Earl Carlisle. His majority in 1908 was 237 in a vote of 8,700.

In Conference With King. London, Nov. 11.—(By Associated Press)—Herbert Henry Asquith, prime minister, who must decide this question, thus far has kept his own counsel. He left town quietly this afternoon and not even the members of his cabinet knew his destination until the newspapers announced his arrival at Sandringham, where King George is in residence.

When the decision of the Jersey men became known to the brotherhood officials on this side of the Hudson, General Organizer Ashton called on Mayor Gaynor. At the end of the conference, which was brief, Mr. Ashton had nothing to say, but Mayor Gaynor expressed himself succinctly: "They can reject the agreement if they want to," he said. "But I beg to say that a committee of their own choice came to me voluntarily with no request of mine, and made an honorable agreement. If the men reject that honorable agreement, I shall be glad to have the express wagons can be run without their help, even if we have to man every one of them with policemen."

On the other hand the Conservatives are suffering from lack of cohesion and an influential section of the party is openly hostile to Mr. Balfour's leadership, his policy being not aggressive enough for them. The campaign practically began tonight with speeches in all parts of the country. Organizations of all kinds are getting on their feet. Not the least of these are the suffragettes whose cry will be "down with the veto and prime minister." The Unionists will fight their campaign on the Home Rule issue. This is clearly indicated by the newspapers, one of which votes practically the whole of the issue to the return of John Redmond, using such headlines as "The Dictator With Dollars; American Gold. Another newspaper advises candidates to rub into their constituents that "Redmond with \$200,000 is about to reappear in this country for the work of tearing down the British constitution with American money."

Several interviews have been held between Secretary of State Knox and Senator De La Barra, the Mexican ambassador, in regard to the situation which has arisen from the lynching of the Mexican, Rodriguez at Rock Springs, Texas, Nov. 3. There is no doubt that both governments keenly regret the trouble.

Every effort is being made to protect Mexican citizens in Texas. Governor Campbell reported to the state department today. He said that he anticipated no further trouble and that the lynching of Rodriguez was being thoroughly investigated. All possible assistance is being given the Mexican consul at Eagle Pass, who is endeavoring to identify those responsible for the lynching.

Baltimore, Md., Nov. 11.—Nearly a month overdue the schr. Inez N. Carver, badly battered arrived here today with a cargo of lumber from Mobile. The trip according to Captain Dow, was one of the most thrilling the crew ever made. The schooner was in the West India hurricane of a few weeks ago. The Carver sailed from Mobile for Baltimore on Sept. 30.

CHILD DIES FROM BURNS. Bangor, Maine, Nov. 11.—Robert, the three year old daughter of Mr. and Mrs. R. Wallace Jackson of Stillwater, died at five o'clock this afternoon, from the effects of burns which she sustained while sitting at the kitchen stove this morning.

THE TORREY CAMPAIGN.

Some questions are being asked as to who is at the back of the Evangelistic Campaign now being conducted by Dr. Torrey in the Queens Rink. Ostensibly the campaign is under the auspices of a committee from certain of the city churches, but an impression prevails in some quarters that Dr. Torrey has been brought to St. John by a speculative element, more interested in the amount of the collections taken up at the meetings of this noted evangelist, than in the spiritual welfare of the community.

These rumors may be malicious fabrications, or mere idle speculation, but from statements made to The Standard, the time seems opportune for the committee, which is believed to be responsible for the Torrey meetings, to set all doubts at rest by placing the public in the full possession of the facts.

There must be in this community a strong feeling against making a business of religion. It seems only fair and reasonable that the hundreds, and possibly the thousands, who are daily contributing to the support of the campaign should know to what purpose, in the event of there being a surplus, the funds will be devoted.

These unpleasant rumors may have been put in circulation under a misapprehension of the circumstances. There is no denying the fact that they exist. A full statement from the committee, by setting inquiring minds at rest, will tend to help, rather than hinder, the work.

HOLD THREE FOR POSTAL SERVICE GIRL'S MURDER SHOWS GROWTH

Chauffeur And Two Bar Tenders Who Took Cecile Michaud To Road House Indicted By Coronor's Jury.

Special to The Standard. Montreal, Que., Nov. 11.—The coronor's inquest into the death of Cecile Michaud, the thirteen-year-old girl, whose body was found in a vacant lot at Westmount some weeks ago, was concluded this afternoon, when the jury returned a verdict holding E. J. Perrault, Albert Chevrier, and Achille Desrosiers, originally responsible for the death of the girl.

Perrault and Chevrier, were the two men who took the girl out in an auto to a road house, and Desrosiers was the chauffeur.

Coronor McMahon in charging the jury, pointed out that the evidence was purely circumstantial, but that all the circumstances pointed to the three men and the Michaud girl leaving the lot together in the auto.

The case will now go to the court of Kings bench.

AVOID TROUBLE OVER LYNCHING

Fifty-one Arrests For Acts Of Disorder In Mexico While Uncle Sam Aids To Find Guilty Parties.

Washington, D. C., Nov. 11.—American citizens in Mexico have been cautioned by United States Ambassador H. L. Wilson to refrain from acts of violence because he is convinced that the Mexican government is exerting its best efforts to suppress the anti-American riots. Mr. Wilson telegraphed the state department today that he anticipated no further violence and that the American embassy was being carefully protected. He reported the arrest of 51 men for acts of disorder.

Several interviews have been held between Secretary of State Knox and Senator De La Barra, the Mexican ambassador, in regard to the situation which has arisen from the lynching of the Mexican, Rodriguez at Rock Springs, Texas, Nov. 3. There is no doubt that both governments keenly regret the trouble.

FIRST WINTER STORM DOES MUCH DAMAGE

French Fishermen Caught Unawares And Thirty Drowned—Swollen Rhine Floods Cities—Heavy Rains.

Calais, France, Nov. 11.—The severe storm which raged in the English Channel and the Straits of Dover, today caught unawares the Calais fishing fleet. Several of the vessels were sunk and 30 fishermen were drowned.

Heavy Snowfall. Berlin, Nov. 11.—A heavy snow-storm today ushered in winter throughout northern Germany. Since snow has been falling here, but it was of a soft variety and has left the streets deep in slush.

Direct telegraphic connection with England is interrupted and the Bourse today was able to communicate with London only by means of telephone by way of France.

Floods on the Rhine. The river Rhine here is 17 1/2 feet above its mean low level tonight and is still rising. Mannheim reports the river at 18 feet and at Moselle it has reached 22 1/2 feet. At Metz the river is the highest that it has been for years. The lower parts of that city are flooded as also are these of a number of towns below Metz. Up stream the Rhine is reported to be falling.

SHOT FOR DEER IN MAINE WOODS

Allen Decrow held At Dover Pending Inquiry Into Killing Of Daniel Crossman—Bushes Moved-Fired.

Bangor, Me., Nov. 11.—A special from Dover says: Daniel Crossman, of Foxcroft, about 45 years old, was shot and killed this afternoon in the woods at Bowerbank, about three miles from Willimantick, being mistaken for a deer by Alton W. Decrow, of Rockland, one of the party hunting in that region. Crossman was employed by William Pfister, of Foxcroft, who is conducting a logging operation, his wife and four children living in a camp. His wife has been the cook for the crew.

Crossman had been at camp sharpening a crosscut saw, and was walking along the logging road, when the shot was fired by Decrow, the slug going through the saw and striking Crossman in the shoulder, passing through his body. The injured man lived four or five hours. The body was brought here this afternoon. Decrow is held here pending an investigation which will be held tomorrow by County Attorney Burgess.

Decrow says that he did not know there was a logging road there, or any person in that vicinity. He saw the bushes move, thought it was a deer and fired.

WANT LYNN BANDITS ON SERIOUS CHARGE

Foreigners Who Murdered Two In Mass., Also Suspected Of McKees Rocks.

Pittsburg, Pa., Nov. 11.—Two men in jail at Lynn, Mass., awaiting trial on the charge of killing a paymaster and a policeman there last June, are declared by the local police to be two of the three men wanted concerning the robbery of the Victor Bank in McKees Rocks, a suburb, last spring, when the president and cashier were murdered. The third man wanted is said to be Joseph Pachecenski, who was killed by the posse in pursuit of the bandits at Lynn, and who, from post mortem photographs has been positively identified as one of the leaders of the strike at the Pressed Steel Car Company at McKees Rocks, a year ago last summer, when several persons were killed in riots. Detectives have visited Lynn and a number of persons who saw the bandits in McKees Rocks on the night of the bank robbery have identified the photographs as those of the men wanted.

In view of the fact that they stand charged with a capital offense in Lynn it is said no action will be taken at present for their extradition to Pittsburg.

Evidence of Many Irregularities Heard at Session of Market Enquiry Last Evening--Forestalling Suggestions.

Last evening the investigating committee brought to light further evidence of irregularities in connection with the management of the market. Several witnesses testified that they had first paid F. L. Potts for the use of stands, while one witness said he had made his first payment in this connection to Mr. Akery. Several witnesses also testified that they had gone to F. L. Potts, since he became an alderman, to make arrangements for the use of stands.

All the members of the committee were present, with the mayor, Ald. Potts and quite a number of citizens. Recorder Baxter conducted the examination.

Percy Alley was recalled. He said he had agreed to pay Mr. Potts \$50 for the use of his stand. He had paid \$50 last year and \$50 this year. He made the arrangements with Roy Potts this year. Mr. Williams made the arrangements last year. He never spoke to the director or Mr. Dunham about this arrangement.

W. W. Howe said he occupied a stand. He made his arrangement with Frank Potts. He paid \$10 down and \$1 per week. This payment did not cover the tolls. He entered the market in October last year. He paid \$50 to Frank Potts then. He was in the market in Akery's time, but held a direct lease from the city.

About the 1st of May of this year he spoke to Mr. Wisely about securing a stand. Mr. Wisely told him he had given Mr. Potts the privilege of selling stands not sold by the city. There was no third party at that conversation. Mr. Wisely seemed quite capable of doing business at the time. Before the sale he spoke to Frank Potts about the stands. He asked Mr. Potts whether his position would be the same as the previous year. Mr. Potts told him he could not say anything about the stands till after the sale.

Witness said lots of people smoked in the market. He had seen much forestalling. Attempts had been made to stop these practices. He did not approve of the regulation requiring goods to be kept in the market for three hours.

To Ald. Hayes he said he had not taken much interest in the by-laws, and could not call to mind other violations.

To the recorder he said his payment of \$10 down and \$1 per week was to make up the \$50 asked him.

To Ald. Potts he said he had stopped payments of \$1 per week since the rumpus in the market. He made these payments to Roy Potts.

Had Paid Akery. W. N. Babkirk said he had been in the market about 8 years. He paid Mr. Akery \$1 a week for his stand, when Akery was collector of tolls. He paid tolls as well. Before Akery came in he never paid to any party other than the city. The year before he paid \$75, \$20 down and 75 cents per week. Since May, 1910 he had been paying for the stand, sometimes to F. L. Potts and also to Roy Potts. The amount bargained for was about \$50. This did not include tolls.

The previous year he paid F. L. Potts \$22 and gave a note for \$36—the balance. When he took the note out it was in Roy Potts' name. The amount he paid was \$65.

The year before that he paid F. L. Potts. Q.—Have you ever spoken to the director about this arrangement? A.—No. Q.—Or to Mr. Dunham? A.—Not until he started to move me.

Q.—Why did you consent to pay Akery for the stand when you did not have to pay anything before his time? A.—Well, this other man Daley bought the stands so formerly occupied and we were moved down to the end of the market. Q.—Yes. We know about that. Why didn't you kick when Mr. Akery wanted to take \$50 out of you? A.—Well, I just paid it. Others were doing it. Continuing witness said he had never mentioned this matter to the aldermen or city officials. Mr. Dunham assigned him the stand and Mr. Akery collected the rent from him in addition to tolls. Archibald P. Belvas said he had been in the market since June, 1909. He made arrangements with Ald. Potts to get a stall; he paid \$50 besides tolls. This \$50 was for the balance of the year from June. This year he paid \$50 down and 25 cents a week. Q.—You have no knowledge of the market previous to June, 1909? A.—No. Told to Go to Father. Q.—With whom did you make the arrangement the year before last? A.—Ald. Potts. I asked Roy Potts what were the chances of getting in. He told me I would have to do business with his father. Q.—When you went there in June, 1909, did you go to Ald. Potts in consequence of what anybody said? A.—Well, I gathered from what I heard that I could get a stand from Mr. Potts. Q.—Did you speak to Mr. Dunham? A.—Yes. He told me the stands had been sold.
