The Fall Weather  
Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

# Insist on Windmill Barbados Super-Fancy Molasses

**WHY insist?** Because that is the only SURE way to get the best Barbados in all its goodness! The market is flooded with stuff in cans and other worthless substitutes for Barbados. You must have wondered what had become of the old-time Barbados. The trouble was simply this. The refineries took the high-priced sugar out of the cane syrup and the refuse was sold you as Molasses,—or blended with glucose and chemicals. No wonder it was little use as a "sweetener", and lacked flavor! But in "Windmill" Brand you can get
