BOTH QUICK K. O. ARTISTS

Frank Carpenter, the European Heavyweight Champion by his win over Joe Beckett on Thursday night, when he put the English Champion to sleep in less than 70 seconds proved that for quickness of action and generalship he is in a class by himself in the old country at least. Jack Dempsey the present world's champion put Jess Willard who was supposed to be unbeatable away in short order, practically whipping the champion into submission in the very first round. The Frenchman by his win, is now entitled to meet the American Champion for the world's honors and when the bout is staged it will undoubtedly prove one of the fastest bouts ever pulled off. Whether the bout will be pulled off in the country or not it will gain world-wide prominence in sporting circles.

This Opportunity Is Offered to You

If you have money to invest and if you are looking for something sound, safe and profitable, why not buy the **PREFERRED SHARES** of The K. & S. Tire and Rubber Goods, Limited. These preferred shares are offered at \$100.00 and with each **PREFERRED SHARE** you will receive one share of common stock free, par value \$25.00. But what is still more important, these **PREFERRED SHARES** are 7 per cent. cumulative and participating. This means that from the time you pay over your money the first earnings of the Company apply to paying you 7 per cent. annual dividend, and should the earnings be enough to pay more than 7 per cent. on the common stock after the preferred dividend has been provided for, then the preferred will also receive the same dividend.

The K. & S. Tire and Rubber Goods, Limited, is not a new venture, but a well established business, whose output was over a half million dollars in 1918 and is expected to be over one million for this year. They manufacture besides tires, a line of rubber goods such as tubing, hot-water bottles, etc., and are the only Canadian Company manufacturing hard rubber fittings, and a full line of druggists' sundries.

The money for which the preferred shares are offered is to be used to build large additional factories of the most modern type, and when completed will have a capacity of from 750 to 1000 tires per day. The number of automobiles in Canada alone has increased on an average of 50,000 a year for the past five years. But besides our home market the Company has agents in Great Britain, Belgium, Denmark, Holland and the United States.

In short this is a strong Company with great promise, and the investment looks like a rare opportunity both safe and profitable.

A prospectus cheerfully furnished.

BOARD OF TRADE ASKS PERMANENT TARIFF

Instead of Committee of Commission For Investigation Forwarded to Premier.

WANT IT OUT OF POLITICS

At the recent annual convention of the Ontario Associated Boards of Trade a lengthy discussion took place upon a resolution asking the Dominion Government to appoint a Commission to make exhaustive inquiries regarding the tariff. This suggestion was strenuously opposed by several delegates, among them the representative of the Kitchener Board of Trade, who argued that what the country needed was not Commission of inquiry, but a permanent Tariff Board, comprised of experts, who would at all times be well-informed on tariff matters, not only of Canada but of other nations as well. The resolution was defeated.

The Council of the Kitchener Board of Trade has forwarded the following letter to the Prime Minister: Robert Borden, Premier of Canada, etc., Ottawa, Ont.
