Children Cry FOR FLETCHER'S CASTORIA

'How many hens has he?'
'Thirty-six.'
'Having any luck with them?'
'Yes, indeed. Two of them are laying every day now.'
'Our baby cries for Chamberlain's Cough Remedy,' writes Mrs. T. B. Kenn, Boston, Ga. 'It is the best cough remedy on the market for coughs, colds and croup.' For sale by all dealers.
'Glad to meet you, Mr. Boris. I mistake not, you are the author of two or three books.'
'Two or three books! Sir, I am the author of the six worst sellers.'

She is Young at Fifty.
This is said of the woman whose blood is rich and red and whose complexion has the natural healthful glow. You can restore the healthful color of the skin by using Dr. A. W. Chase's 'Stove Food,' because it actually forms new, red blood. The force is rounded out by firm, healthy flesh, wrinkles disappear, and the glow of health returns to the cheeks.
'Are you superstitious?' asked the bachelor.
Well, replied the father of a large family, 'nearly, I certainly think it's unlucky to have thirteen children.'

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.
'I see you are doing a good many things that once you would have been shocked at.'
'Well, I make up for it by being shocked at a good many things that I once did.'

A bright little Wolfville lad had his parents talking about the salaries of teachers. 'I don't see why they should pay the teachers,' he said, 'very seriously, when we children do all the work.'

Watched for 25 Years.
Mr. D. M. Waters, the popular druggist, Belleville, Ont., sold his first box of Dr. Chase's Kidney and Liver Pills quarter of a century ago, and has since then noted many remarkable cures, as this medicine grew in popularity. The latest case coming to his attention, is that of Mrs. Mark Outrey, Bay Side, Ont., who was cured of an acute and torturing kidney and bladder trouble by use of this great medicine.
What was the greatest mistake you ever made in your life? asked the youthful seeker after knowledge.
It happened when I was a very young man and consisted of thinking I couldn't make any,' replied the old codger.

Our Fishing Rights.
The following paragraphs we clip from an interesting report in the Dartmouth Patriot of the discussion before the committee on law amendments of the bill providing for fishing rights for the people, and which was killed by the government:
After the lawyers got through Peter O'Harris, principal of St. Patrick's High school, spoke strongly in favor of the bill.
But the speech of the evening was made by Councillor Temple in reply to an attack by one of the legal lights of the city. Councillor Temple made a tremendous hit. He stated he had never cast a fly for a salmon in his life. He has control of a large area of land, lakes and streams. He never objected, never would object to any one fishing on property controlled or owned by him. But he went further, he believed no one should ever have the right to control the right to fish in the streams any more than the air or the water. He told the committee things would surely happen if the rights of the people were not protected. This was a thing worth fighting for. Twenty years ago no one claimed or thought of claiming any such rights.
Lumbermen have rights to stream drive, etc. That has been confirmed; why not the fishermen. If the lumberman wanted to keep his privileges he had better help the public; that was his safe course, for if the public went down so would the lumberman.
Enormous prices are being asked by the London householders who desire to let their houses for the coronation season, and it is reported that John Hays Hasmond has had to pay \$50,000 for his six weeks' tenancy of the Berlet Court mansion, 1 Stratton street, Piccadilly. He is the Irish States representative at the coronation ceremonies.

That Red Rose Tea is of surpassing quality is accepted everywhere it is used as an undisputed fact, but it is in the Maritime Provinces especially that it has by unvarying goodness so well earned the term "is good tea."

Down on the Farm.
How dear to our hearts was the old horse and cutter. The old horse and cutter we knew long ago. We would get them both out with the first snowflake's flutter. And keep them both going six hours or so.
The old-fashioned pair—how we grumbled and muttered. When the woodpile was white and the north wind was raw, for the horse was a sawhorse, and as for the cutter.
It was only an old-fashioned jerky buck saw.

For Constipation.
Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: 'Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation.' Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by all dealers.

About the Eyes.
To strengthen the muscles of the eyes they should be exercised. Do this by moving the eyes slowly upwards, then from left to right as far as you can and from one corner of the orbit to the other. Now alternate these movements. The eyes should also be rolled around from left to right, then right to left. Do not practice these exercises but a few minutes at a time, as the muscles will be strained and much discomfort ensue. Exercise affects the nerves, and healthy nerves make for bright, sparkling eyes, yet there are hosts of women who stand with their backbones bent in a bow. This not only entails a lack of grace, but ultimately affects all the nerves of the body. Pressure on the eyeballs flattens the lens of the eye and is sure to produce short-sightedness. If you simply must rub your eyes, rub toward the temple, as eyes can not be beautiful or even pleasant when strained in hollow orbits. I would suggest your massaging around the eyes for five minutes daily. After the massage dampen a cloth in cold water and lay it on the eyes for a few minutes.—New Idea Magazine.

Tourists in Berlin.
More than a million and a quarter of visitors and tourists yearly is the record obtained by Berlin. Statistics just published show that the number of strangers registered there in hotels and boarding houses in 1910 was 1,278,609. One-fourth of these were foreigners, of whom 30,550 were Americans. The high water mark of the American invasion is reached in July.

The island on which the Eddystone Lighthouse is situated is the smallest inhabited island in the world. It is said, although there may be some disputants to this claim in the Thoms and Islands. It is only thirty feet in diameter at low water.

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—'I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health. Thanks to your medicine, I can recommend it for all female troubles.'—Mrs. L. A. Cottrill, 1109 Strand Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass. Write to Mrs. Pinkham, Lynn, Mass., for advice, free.

This Feeding Floor could be Built in The Fall
and it would help greatly to preserve its condition of your live stock in the Spring.
Every farmer knows that in the Spring of the year his barnyard is almost bottomless. The live stock mire down into the mud and almost float around—greatly to the detriment of their physical condition.
By building a Concrete Feeding Floor in the yard, this trouble is done away with.
A Feeding Floor of comparatively small area and built this Fall, would pay for itself next year. Concrete is the only material that can be used in this way at a moderate cost.
Will you ask for your copy of the book which we have prepared for you—'What the Farmer Can Do With Concrete?' It's free—and, take our word for it, you'll find it one of the most interesting pieces of such literature you ever read. And profitable, too—because it will save you money.

It's a Libel on The Men
Some self-accredited "student of human nature" recently stated that men were bad buyers when it came to purchasing articles for personal use. We don't believe it. Our experience has been that men as a rule, are shrewd buyers, and point to the steadily increasing demand for "PROGRESS BRAND" CLOTHING as proof of our side of the argument.
Men recognize the kind of quality they always get in a "PROGRESS BRAND" Suit or Overcoat. They know that the "PROGRESS BRAND" Label (shown above) stands for guaranteed value. And they look for this trademark in every garment they buy.
If you want to know more about these reliable clothes, ask to see the new spring styles in "PROGRESS BRAND" Suits and Overcoats.

No one has ever evolved an efficient business machine working on alcohol, though millions have tried—Geo. C. Lawrence.
'One white man can direct the labor of a hundred negroes sober with profit to himself and to them; but one hundred white men cannot offset the injury done to the community by one negro drunk.'
It is a thing so demoralizing that it must be prohibited on Sundays and on election days and so dangerous that it must be forbidden in times of riot, fire or other great excitement, and so contaminating that it must be separated a prescribed distance from a church, schoolhouse or graveyard, ought it to be permitted at any time or place?
John P. Lemmon, treasurer of the American Labor Federation, says: 'I have lived somewhat more than half a century and have had some experience in that time, and every bit of it tends to convince me from year to year, more and more, that the saloon is a greater injury to the wage workers of the country than any other thing connected with our lives as citizens and as men.'

Twenty-two years ago a rather more than ordinarily notable dinner was given by a well-known Bostonian in honor of a famous physician. The menu at that time was considered an epicurean achievement, containing the names of not only many rare dishes, but many rare wines. To the latter especially the nineteen guests applied themselves assiduously. The host, on the contrary, sat at the head of the table sipping dry toast and drinking mineral water. 'Isn't that pathetic?' said one of the guests to the famous physician who sat at his side.
'Yes,' was the cynical reply as the medical man poised his glass of wine in mid-air. 'Yes—nineteen tools and one wise man.'

Use Zam-Buk Soap for the bath and apply Zam-Buk Salve to the sores, and the trouble will soon vanish.
Mrs. L. Hood, of 475 Alexander Ave., Winnipeg, says: 'Some years ago my baby's skin was so sore that I refused to bathe him. I bought Zam-Buk Soap and bathed him with it. At the end of a week the sores were gone and he was as healthy as ever. I will never again bathe him with anything but Zam-Buk Soap. RAGING HEADACHE STOPPED AT ONCE
When He Took "Fruit-a-tives"

SHAMLEY, ONT., Sept. 13rd, 1910.
'You certainly have the Greatest Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from headaches caused by Stomach Disorders. One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications. One of your travellers coming into the store (much less a commercial traveller) and I told him very earnestly that I had a headache but he insisted on my trying "Fruit-a-tives".'
I did so, with what I thought was an amazing result. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to prevent me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years'.
WM. FITZ
