

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again, I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give EXPRESS and POST-OFFICE.

No Chemicals

are used in its preparation. It has more than three times the strength of Cocoa mixed with Starch, Arrowroot or Sugar, and is therefore far more economical, costing less than one cent a cup. It is delicious, nourishing, strengthening, EASILY DIGESTED, and admirably adapted for invalids as well as for persons in health.

Sold by Grocers everywhere.

W. BAKER & CO., Dorchester, Mass.

It appears from analyses made by English and German chemists that the cocoas made by the Dutch process contain a considerable percentage of alkalies and other chemicals, which are introduced for the purpose of giving apparent smoothness and strength to the decoction. The use of chemicals can be readily detected by the peculiar odor from newly opened packages, and also from a glass of water in which a small quantity of chemically treated cocoa has been placed and allowed to remain for several days. For more than one hundred years the house of Walter Baker & Co. have made their cocoa preparations absolutely pure, using no patent process, alkalies, or dyes.

GRATEFUL-COMFORTING.

EPPS' COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette. Made simply with boiling water or milk.
