transfer payments to education

situation is not likely to improve

The MPHEC has asked each
atlantic university to submit
role and capacity statements.
These are going to be used in
implementing the new funding
formula. Hopefully that new
funding formula will benefit Dal-
housie. Dalhousie has not benef-
itted from the last funding
formula, mainly because of its
extensive graduate and profes-
sional schools. Hopefully this
new formula will take into
account all of the extra benefits
that Dalhousie has here, with the
medical school, the dental school,
the law school and its extensive
graduate program, all of the insti-
tutions we have here.
