

135248

October 3, 1932.

Mr. W. O. Anderson,  
Port Credit, Ont.

Dear Sir:

I find you have left at my office certain correspondence referring to a claim either against the Militia Department or the War Office. My Secretary says she was informed that the Minister of Militia had asked that the matter be taken up with me. This I cannot understand because I have nothing whatever to do with this matter. It is entirely between the proper Governmental Department and yourself.

I may add that because of circumstances of a special character which have arisen, I have been compelled to devote my entire time to my responsibilities here, and am not in Ottawa at all except definitely for Senate engagements.

Am returning the correspondence.

Yours very truly,

A/E.

Arthur Meighen.
