

THE HEATING PROBLEM

is so easily solved to-day with all the modern inventions of this kind. The easiest of all is heating with gas.

We have gas heaters from \$4.50 and upwards; these can easily be installed, and properly heat, at a moderate cost, any room, office or store

WITHOUT ANY CHIMNEY, SMOKE, ASHES, ETC., you can have an open fireplace any place in any room desired. Turn a tap and your logs are burning, slowly or full blaze, just as you may wish. When you have finished, turn the tap back and it is all over and ready again without any further trouble. These fireplaces are for sale from \$30.00 and upwards, and only cost you 2½ cents per hour to operate. See them in our salesrooms,

VANCOUVER, B. C., August 18, 1909.

To The Vancouver Gas Co., City.

DEAR SIRS:

Since using gas, I find it the greatest saving in time and work. Any person who has not used gas, cannot possibly estimate its value.

MR. W. J. BATES.

1375 Richards Street,

VANCOUVER, B. C.

DEAR SIRS:

It affords me great pleasure to testify to the comfort and economy that I have benefited by since I commenced using gas for heating and cooking purposes.

Yours truly,

ERNEST P. LANGUDJE.
