The copy filmed here has been reproduced to the generosity of:

Memorial University of St. John's

The images appearing here are the best possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are beginning with the front cover and ending with the last page with a printed or illustrated impression, or the back cover when appropriate. Other original copies are filmed beginning with the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol — (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:
