### BOY'S PROMPT ACT

Robert Little, 12 years old, son Andrew Little, yardmaster of the Lake Eric Railway here, is worthy of gold medal. Robert was responsia gold medal. Robert was responsible for the saving of probably scores of lives and the averting of a calamitous railway accident. It happened this way: Robert, with a chum, was returning to his home on Hyslop St., when he noticed a small piece of rail about eight or ten inches long, some six feet from the track. He said to six feet from the track. He said to his chum that that would be fine to crack hickory nuts on. Just then he noticed the piece of rail had been knocked out right at the diamond. At once notifying the men in the station the Grand Trunk section foreman was telephoned for and the break was immediately fixed, just in time to allow the fast International Limited G. T. R. to go through. Had not the boy noticed the break and understood what it meant, the results would have been appalling.

what it meant, the results would have been appalling.

Robert is a pupil in Miss McPher-son's room in the Central school, and too much praise cannot be given him for his thoughtful act.

### NEW PAVEMENT

The vitrified brick pavement or Thames street was opened for traffic to-day. This piece of work was done by the firm of Blight & Fielder, of this city, and is the first piece of vitrified brick pavement with concrete foundation to be laid in this city by local men. It is not the first piece of brick pavement, however, however, Eight years ago Geo. Fielder, of the firm of Blight & Fielder, paved the south approach to the Aberdee bridge with brick. The bricks were the common kind and were made by James Cornhill. They were laid only on a bed of sand, but the work was so well done that it stands to-day a monument to Mr. Fielder's ability. The Thames St. pavement, laid by the same gentlemen, should be a good one, and it apparently in. This pavement was laid under the personal supervision of Mr. Fielder. He took a great interest in it because some persons had said that local men couldn't lay a good vitrified brick pavement. Mr. Fielder now points to Thames St. as a sample of what Chatham contractors can do. Since being started the work on this pavement has been rapicly pushed forward, but owing to wet weather and other conditions many delays were occasioned. The people on the street were consequently somewhat inconvenienced, but they are proud of their street to-day. "It's good to see the rigs passing once more," remarked one resident. "Yes, and it's a rattling good pavement," added another who was helping to pay for it.

The pavement with curb and gutter complete is a splendid piece of workmanship and is both neatly and carefully laid. It had added greatly to the permanent improvements in this city. stands to-day monument to Mr. Fielder's ability.

### ATTEMPT TO KILL DIAZ.

Shots Fired at the President o Mexico.

Guanajuato, Mexico, Oct. 28.-Great excitement was caused by an at-tempt on the life of President Diaz, who was a guest of the State Government during the festivities here The President, his staff and guests were passing by the Cantagor garden in a street car when a man of the lower class named Ellis Locana fired five shots from a revolver at the car. None of the shots took effect. Paklo Escandon of the President's staff rushed out of the ear and caught the man. The police took Locana to prison. He is a man with a bad criminal record and was but recently released from prison at Greanditas, where he had served a term for homicide. The matter will be investigated. The President remained perfectly cool. Locana's evil record renders the theory of a deliberate attempt at assassination probable. The President received the congratulations of the citizens and diplomatic corps. The President, his staff and guests

## TARTE VS. LE CANADA.

The ex-Minister Denies Receiving Money From Mr. Graham.

Montreal, Oct. 28.-The action for libel preferred against Mr Hector Langlois, editor of Le Canada a French newspaper of this city, by Hon. J. Israel Tarte, began here yes terday, and was adjourned until November 6. Mr. Tarte gave evidence basing his charge on an article that appeared in Le Canada on October 15, to the effect that Mr. Tarte had received certain sums of money from Mr. Hugh Graham, proprietor of The Montreal Star. Mr. Tarte swore that the article was false. He had not received any money, directly or indirectly, from Mr. Graham, nor had any of the directors of La Patrie, the newspaper of which the ex-Minister of Public Works is editor. Mr. Graham corroborated this evidence, saying that all the money he had paid out in the last few months was \$200 to Mr. L. P. Pelletier, organizer for the Conservative party in this Province. Mr. Graham added that he could produce books to show what disposition he had made of electoral funds, and he is expected to do so when the case is recalled. basing his charge on an article that
