

# III. MARCH hath XXXI Days. 1793.

To these succeeds the jocund  
 song,  
 From lungs less musical than  
 strong,  
 And all to mirth aspire;  
 The humble roof returns the  
 sound,  
 The social Can move briskly  
 round,  
 And brighter burns the Fire.

Oh! grant, kind heav'n, a state  
 like this,  
 Where simple ignorance is  
 bliss;  
 —'Tis all that I require;  
 Then, then—to share the joys of  
 life,  
 I'd seek a kind indulgent wife,  
 And bless my Social Fire.
