MARKET REVIEW AND FORECAST

weather, better roads and a cessation of work has increased trade, the volume of business done by wholesale houses this of business done by wholesale houses this last week comparing favorably with the same period a year ago. Dealers now take an optimistic view of the prospects for the fall and winter trade.

for the fall and winter trade.
Wheat has taken a bad break. The
market in most lines of coarse grains is
not as steady as it was a week ago. Cattle receipts have approached high water the receipts have approached high water mark, but they were all disposed of with values but slightly impaired. Dairy and poultry produce are on the up grade. Hogs are 20c stronger. WHEAT

Wheat is down several points from the quotations of last week. Supplies of wheat on hand are too large to maintain
